(b) **If the ultimate controlling person is a corporation, an organization, a limited liability company, or other legal entity**, the financial statements shall include the annual financial statements of the ultimate controlling person **in the holding company system** as of the end of the person's latest fiscal year. If, at the time of the initial or annual registration, the annual financial statements for the latest fiscal year are not available, annual statements for the previous fiscal year may be filed and similar financial information shall be filed for any subsequent period to the extent such information is available. Such financial statements may be prepared on either an individual basis, or, unless the commissioner otherwise requires, on a consolidated basis if such consolidated statements are prepared in the usual course of business.

Any ultimate controlling person who is an individual may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the Personal Financial Statements Guide by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.
