
TITLE 329 SOLID WASTE MANAGEMENT DIVISION**FIRST NOTICE OF COMMENT PERIOD**

LSA Document #20-24

SOLID WASTE AND HAZARDOUS WASTE PROGRAM PERMITTING FEES**PURPOSE OF NOTICE**

The Indiana Department of Environmental Management (IDEM) is soliciting public comment on amendments to rules in [329 IAC 3.1-1-14.1](#), [329 IAC 10](#), [329 IAC 11](#), and [329 IAC 15](#), concerning solid waste and hazardous waste program permit fees as required by House Enrolled Act (HEA) 1278. IDEM seeks comment on the affected citations listed and any other provisions of Title 329 that may be affected by this rulemaking.

CITATIONS AFFECTED: [329 IAC 3.1-1-14.1](#); [329 IAC 10](#); [329 IAC 11](#); [329 IAC 15](#).

AUTHORITY: [IC 4-22-2](#); [IC 13-14-9](#); [IC 13-16](#).

SUBJECT MATTER AND BASIC PURPOSE OF RULEMAKING**Basic Purpose and Background**

HEA 1278, also referred to as Public Law 250-2019, was passed by the 2019 General Assembly to amend the process in [IC 13-16](#) concerning the adoption of environmental fees by the Environmental Rules Board (board). To establish or change the amount of a fee, the board is required to take into account the costs to IDEM for: (1) issuance or approval of a permit; (2) services in connection with supervision, review, and other activities related to the issuance or approval of a permit; (3) surveillance of the activity or property covered by the permit issuance or approval; (4) amendments, modifications, and renewals of a permit or approval; and (5) fees charged for equivalent activities in other states. IDEM is to assist the board in doing a periodic review of fees by: (1) arranging for an independent study of the costs that the board may consider; (2) developing information on fees charged for equivalent activities in other states; and (3) periodically developing information on activities, functions, and permits that have been added or eliminated since the previous fee structure was adopted. The board may direct IDEM to initiate a rulemaking under [IC 13-14-9](#) to address fees based on the information collected by IDEM and presented to the board. HEA 1278 also establishes that the board may not change fees more than one time in five years and the fee increase may not amount to more than ten percent.

In addition to the process established in [IC 13-16](#) for future rulemakings to increase environmental fees, HEA 1278 requires the board to adopt rules once before January 1, 2022, to increase the amount of the fees for solid waste and hazardous waste programs under [IC 13-20-21](#) and [IC 13-22-12](#), along with fees for water-related programs under [IC 13-18-10](#), [IC 13-18-20](#), and [IC 13-18-20.5](#), by an aggregate amount of \$3,200,000 greater than the aggregate fee revenue actually received in the year immediately preceding the proposed fee increases.

This rulemaking addresses the one-time fee increases required under HEA 1278 for [IC 13-20-21](#) and [IC 13-22-12](#), regarding solid waste and hazardous waste programs. The fees associated with issuing permits, amendments, modifications, and renewals have not changed since 1996 for solid waste and hazardous waste programs. A separate rulemaking will address the one-time fee increases allowed under HEA 1278 for confined feeding operations, National Pollutant Discharge Elimination System permits, and public water systems, under [IC 13-18-10](#), [IC 13-18-20](#), and [IC 13-18-20.5](#), respectively. IDEM is working on the allocation of the \$3,200,000 among the affected fees in the water and waste programs and where in Titles 329 and 327 the fees will be placed. To facilitate making decisions regarding the amount of the fee increases, IDEM is assessing the fees charged for similar activities in other states.

HEA 1278 also requires the board to increase air permitting fees established by [IC 13-17-8](#) for the Title V Operating Permit Program by an amount calculated to be \$2,000,000 greater than the aggregate fee revenue actually received from the Title V program fees in the year immediately preceding the fee increase allowed by HEA 1278. The Title V fee increases will also be addressed in a separate rulemaking.

IDEM seeks comment on the affected citations listed, including suggestions for specific language, any other provisions of Title 329 that may be affected by this rulemaking, and alternative ways to achieve the purpose of the rulemaking in accordance with HEA 1278.

Alternatives to Be Considered Within the Rulemaking

Alternative 1. Adopt rules to address environmental fees presently contained in the statutes [IC 13-20-21](#) and [IC 13-22-12](#).

- Is this alternative an incorporation of federal standards, either by reference or full text incorporation? No.
- Is this alternative imposed by federal law or is there a comparable federal law? This alternative is not imposed by federal law and there is no comparable federal law. This alternative is required by HEA 1278 passed by the 2019 General Assembly to increase environmental fees.
- If it is a federal requirement, is it different from federal law? Not applicable.

- If it is different, describe the differences. Not applicable.

Alternative 2. Do not adopt rules to address environmental fees presently contained in the statutes [IC 13-20-21](#) and [IC 13-22-12](#).

- Is this alternative an incorporation of federal standards, either by reference or full text incorporation? No.
- Is this alternative imposed by federal law or is there a comparable federal law? No. Adoption of rules to address environmental fees is a statutory mandate. Not adopting the rules would be a violation of state law.
- If it is a federal requirement, is it different from federal law? Not applicable.
- If it is different, describe the differences. Not applicable.

Applicable Federal Law

No federal law is applicable to this rulemaking. This rulemaking is required by HEA 1278 passed by the 2019 General Assembly to increase environmental fees.

Potential Fiscal Impact

Potential Fiscal Impact of Alternative 1. The fiscal impact for fees related to [IC 13-20-21](#) and [IC 13-22-12](#), in combination with fee increases adopted for water programs under [IC 13-18-10](#), [IC 13-18-20](#), and [IC 13-18-20.5](#), is not to exceed \$3,200,000 as mandated by HEA 1278.

Potential Fiscal Impact of Alternative 2. There is no fiscal impact to any regulated entity under Alternative 2, but IDEM will run out of operating funds for the affected programs in the next biennium if applicable fees are not increased in accordance with HEA 1278.

Small Business Assistance Information

IDEM established a compliance and technical assistance program (CTAP) under [IC 13-28-3](#). The program provides assistance to small businesses and information regarding compliance with environmental regulations. In accordance with [IC 13-28-3](#) and [IC 13-28-5](#), there is a small business assistance program ombudsman to provide a point of contact for small businesses affected by environmental regulations. Information on CTAP and other resources available can be found at:

www.in.gov/idem/ctap

For purposes of [IC 4-22-2-28.1](#), small businesses affected by this rulemaking may contact the Small Business Regulatory Coordinator:

Angela Taylor
