The interest is at a rate determined by the board and is calculated from the date of the withdrawal.

(b) The cost to purchase such service is determined at the time the participant makes the contributions for such service. The fund shall provide the eligible fund participant with information with respect to the cost of such service.

(c) The eligible participant may purchase such service subject to the following:

(1) Service may be purchased in one (1) month increments. The minimum service purchase is one (1) year for a participant who elects to purchase service through installment payments.

(7) In the event of a payment default under the terms of the finance agreement or the purchase is not completed, a partial service credit amount will be determined by INPRS. The partial service credit amount will be based on the payments made as of the date of payment default and the cost of the service. Partial service will be credited in monthly increments. The minimum amount of partial service credit will be one (1) month. The fund participant is not eligible to make service purchase payments after the date of the payment default or the date of separation of employment.

(8) In the event any annual payment is not timely made, allowing for a thirty (30) day grace period, the payment will be deemed in default under the terms of the finance agreement. The fund participant is not eligible to make service purchase payments after the date of the payment default.
