[IC 4-22-2-24\(d\)\(3\)](#) Justification Statement:

All requirements or costs by the rule amendments on regulated entities under [IC 4-22-2-24\(d\)\(3\)](#) are reasonably necessary for the implementation of Title 14 of the Indiana Code.

[312 IAC 8-2-3](#): This rule amendment establishes a requirement for a person who takes advantage of the added opportunities to leave a tree stand, hunting blind, or trail or game camera on a DNR property to identify the stand or hunting blind left overnight with the name, address, and telephone number of the owner of the stand or the owner's customer identification number issued by the department. This requirement allows DNR property staff and Indiana conservation officers to better regulate properties and address conflicts between hunters or properly handle a blind left after the hunting season.

[312 IAC 8-2-10](#): The amendment in this rule that will require a license from a department representative to use a magnet or magnetized equipment to remove an item from public waters on a DNR property ensures that DNR property staff are aware of the activity, which will allow DNR to properly control the disposal of firearms and other dangerous items that might be retrieved and prevent people from leaving unwanted retrieved items on the shore where it poses a hazard to other users. This rule also limits the size of the magnets that can be used to only those that are able to be carried and retrieved by hand without the assistance of motorized equipment, thereby limiting the size of the items that can be removed.

The DNR has the statutory authority to adopt rules under [IC 14-11-2-1](#). The Natural Resources Commission has the statutory authority to adopt rules pursuant to [IC 14-10-2-4](#).

Sources of information for determining costs and benefits were obtained from staff of the DNR Division of Fish and Wildlife, State Parks, and Forestry.
