Sec. 4. (a) Except as otherwise specifically required by law, for all service credit calculations performed on or after January 1, 2007, service credit shall be granted in quarterly increments, with a member entitled to one (1) quarter of creditable service for each calendar quarter in which the member is employed at least one (1) full day in a full-time, PERF-covered position, and for which employer contributions have been made. Notwithstanding any provision to the contrary, service credit shall not be granted for any period of employment if such grant of service credit would result in a member receiving more than one (1) month of service credit for the same calendar month.

(b) A member's first and last quarter of PERF-covered employment, notwithstanding subsection (a), for those quarters in which a member commenced or completed employment in a PERF-covered position, service shall be granted in monthly increments, with a member entitled to one (1) month of creditable service for each month in which the member was employed at least one (1) full day in a full-time, PERF-covered position, and for which employer contributions have been made.

(c) Notwithstanding subsections (a) and (b), once PERF implements ERM, all service credit calculations shall be granted in monthly increments, with a member entitled to one (1) month of creditable service for each calendar month in which the member is employed at least one (1) full day in a full-time, PERF-covered position, and for which employer contributions are made. Notwithstanding any provision to the contrary, service credit shall not be granted for any period of employment if such grant of service credit would result in a member receiving more than one (1) month of service credit for the same calendar month.

(d) This rule applies only to members earning service credit through their employment in PERF-covered positions, and does not apply to members of the other retirement funds administered by PERF. Such funds shall continue to perform service credit calculations in the manner such calculations were performed as of December 1, 2006, unless subsequently amended by law. Sec. 5. (a) As used in this section, "FMLA" refers to the Family and Medical Leave Act (29 U.S.C. 2601 et seq.) and all applicable regulations and amendments.

(b) A member shall receive service credit for the period of time during which the member is granted a leave of absence under [IC 5-10.3-7-6](#) and for which applicable employer contributions have been made as follows:

(1) Except as otherwise required by the FMLA, the credit shall be allowed if a copy of the grant of the leave of absence is filed in a form and manner approved by INPRS within forty-five (45) days from the date the leave was authorized by the employer. Grants filed with INPRS electronically, through INPRS' Employer Reporting and Maintenance system are deemed to have met this requirement. Furthermore, except as otherwise required by the FMLA or other federal or state laws that specifically require the granting of service credit for authorized unpaid leaves of absence, service credit shall not be granted for any unpaid leaves of absence taken on or after January 1, 2007, if employer contributions are not made for such periods of leave.

(2) A leave of absence will be treated as creditable service only if the member returns to employment for a period of not less than six (6) consecutive months; however, if the member shows to the satisfaction of the fund that there was a bona fide intent to return to employment and comply with this rule and the member was capable of performing such employment, but was prevented from working the full six (6) month period due to illness, injury, or death which occurred subsequent to the date of return to employment, then this six (6) month requirement shall be waived.

(c) This section and [IC 5-10.3-7-6](#) shall be administered in a manner consistent with the FMLA.

(d) If the member is compensated while on an FMLA-covered leave, the statutory contributions must be maintained. A member may make contributions as provided in [IC 5-10.3-7-6\(b\)](#) during an unpaid FMLA leave, although such contributions shall not result in service credit for benefit purposes unless employer contributions are made for such period of leave. The member's employer is not required to make contributions with respect to an unpaid FMLA leave; however, if employer contributions are not made, the member shall be entitled only to the eligibility service required by the FMLA.

(e) In calculating credit for vesting and eligibility purposes, time spent on an FMLA protected leave shall be counted, including any time spent receiving disability benefits while on such leave.

(f) A member seeking credit for an FMLA leave must provide documentary evidence demonstrating that the statutory requirements have been satisfied.

(g) Unless otherwise provided by law, a leave of absence is not a separation from service. Authority: [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2-3-1](#); [IC 5-10.3-7](#)

Sec. 12. (a) Under [IC 5-10.2-3-1](#) and [IC 5-10.3-7-2](#), employees of the bureau of motor vehicles commission (BMVC) are not entitled to automatic coverage or service credit prior to July 1, 1999, for service with the BMVC, because of their coverage in a retirement plan established by the BMVC. However, under [IC 5-10.3-7-8](#), the board believes it would be reasonable to allow employees to purchase any BMVC service from the later of:

PUBLIC EMPLOYEES' RETIREMENT FUND

(1) January 1, 1987, the date the BMVC established its retirement plan; or

(2) the date the individual became an employee of the BMVC;

through June 30, 1999, the date the BMVC terminated its retirement plan. For purposes of this section, BMVC service does not include service in any license branch prior to becoming a BMVC employee, or service at a license branch prior to the conversion of that license branch to the BMVC. Service in a license branch that is not BMVC service shall not be eligible for service purchase under this rule nor shall it be credited to any employee without purchase.

(b) The cost to purchase such service shall be the total actuarial cost of the service. The fund shall provide the employees with information with respect to the cost of such service.

(c) The employees may purchase such service subject to the following:

(1) Any such purchase may be made via a direct cash payment, a direct rollover under [IC 5-10.3-7-9.5](#), or a combination of both.

(2) Any direct rollover may not exceed the actual cost of such service as established by the fund.

(3) Any direct cash payment may be made in a lump sum or in installments for a period not to exceed five (5) years. Any installment shall bear interest at the actuarial interest rate effective on the date of the first installment. Any payments are subject to applicable Internal Revenue Service limits, and the fund may limit any payments in a manner necessary to comply with these limits.

(d) This section also applies to former employees of the BMVC with BMVC service who are employed in a PERF-covered position at the time they purchase such service.

(e) In no event shall any BMVC service prior to July 1, 1999, be credited under [IC 5-10.3-7-7.5](#) because of the exclusion under [IC 5-10.3-7-2](#)(4) unless purchased in accordance with this section.

(f) The restriction contained in [IC 5-10.3-7-4.5](#)(d) does not apply to a purchase made under this section. (1) Service may be purchased in one (1) month increments. The minimum service purchase is one (1) year for a member who elects to purchase service through a finance agreement.

(2) Installment payments are subject to the terms of the finance agreement.

(3) Any such purchase may be made via a direct cash payment, a direct rollover as allowed by statute, or a combination of both.

(4) Any direct rollover may not exceed the actual cost of such service as established by the fund.

(5) Payment may be made in a lump sum or in annual installments for a period not to exceed five (5) years. Any installment may bear interest at the interest rate (defined within this section) effective on the date of the first installment. Any payments are subject to applicable Internal Revenue Service limits, and the fund may limit any payments in a manner necessary to comply with these limits.

(d) In the event of a payment default under the terms of the finance agreement, a partial service credit amount will be determined by INPRS. The partial service credit amount will be based on the payments made as of the date of payment default and the actuarial cost of the service. The minimum amount of partial service credit will be one (1) month. Partial service will be credited in monthly increments. The fund member is not eligible to make service purchase payments after the date of the payment default.

(b) The cost to purchase such service is determined at the time the participant makes the contributions for such service. The fund shall provide the eligible fund participant with information with respect to the cost of such service.

(c) The eligible participant may purchase such service subject to the following:

- (1) Service may be purchased in one (1) month increments. The minimum service purchase is one (1) year for a participant who elects to purchase service through installment payments.
- (2) Payments are subject to the terms and conditions of a finance agreement.
- (3) Any such purchase may be made via a direct cash payment, a direct rollover as allowed by statute, or a combination of both.
- (4) Any direct rollover may not exceed the actual cost of such service as established by the fund.
- (5) Payment may be made in a lump sum or in annual installments for a period not to exceed five (5) years. Any installment may bear interest at the actuarial assumed interest rate effective on the date of the first installment.
- (6) Any payments are subject to applicable Internal Revenue Service limits, and INPRS may deny an application or may limit any payments if the purchase would exceed those limitations.
- (7) In the event of a payment default under the terms of the finance agreement or the purchase is not completed, a partial service credit amount will be determined by INPRS. The partial service credit amount will be based on the payments made as of the date of payment default and the cost of the service. Partial service will be credited in monthly increments. The minimum amount of partial service credit will be one (1) month. The fund participant is not eligible to make service purchase payments after the date of the payment default or the date of separation of employment.
- (8) In the event any annual payment is not timely made, allowing for a thirty (30) day grace period, the payment will be deemed in default under the terms of the finance agreement. The fund participant is not eligible to make service purchase payments after the date of the payment default.
- (9) If the participant does not choose periodic payments, a lump sum payment must be received within ninety (90) days of the participant receiving the cost letter. In the event the lump sum payment is not timely made, allowing for a thirty (30) day grace period, the payment will be deemed in default under the terms of the finance agreement. The fund participant is not eligible to make service purchase payments after the date of the payment default.
- (10) If a lump sum payment is chosen, full payment must be received within ninety (90) days of the participant receiving the cost letter or the purchase defaults and no further payments may be made.

Sec. 1. (a) A member who retires or becomes eligible for a disability retirement cannot change the retirement option, nor may a member who chooses a lump sum payment under [IC 5-10.2-4-2](#)(a) change this choice, nor may the beneficiary designation on the application for benefits be changed under joint and survivorship options after the first day of the month that benefit payments are scheduled to begin. It is immaterial whether or not a check has been sent, received, or negotiated. (See also section 13 of this rule.) A member of the fund after June 30, 2008, may change a beneficiary designation pursuant to [IC 5-10.2-4-7](#) or [IC 5-10.2-4-7.2](#).

(b) Under [IC 5-10.2-4-7](#), in the event that the increased retirement benefit under the integration with Social Security option prior to Social Security eligibility is calculated to be greater than an amount that is the actuarial equivalent of the retirement benefit under the normal guaranteed retirement benefit payable as a life annuity that ceases on the date of the member's death or, if later, the member's Social Security age of eligibility, then the increased retirement benefit shall be limited to such actuarial equivalent and there will be no retirement benefit payable after the age of Social Security eligibility. (In no event shall fewer than sixty (60) payments be made.) For purposes of this section, the retirement benefit does not include any payments from an ASA or RSA.

(c) A member's pre-sixty-two (62) monthly pension benefit with Social Security integration shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Add the amount of the member's pension as calculated in [IC 5-10.2-4-4](#) and [IC 5-10.2-4-5](#) to the product obtained in subdivision (1). For purposes of this section, the retirement benefit does not include any payments from an ASA or RSA.

PUBLIC EMPLOYEES' RETIREMENT FUND

(d) A member's monthly pension benefit with Social Security integration at sixty-two (62) years of age shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Subtract the product obtained in subdivision (1) from the member's pre-sixty-two (62) monthly pension benefit with Social Security integration as calculated in subsection (c).

(e) Members may select any nonconflicting retirement option in addition to Social Security integration.

(f) If a retired member receiving benefits under this option dies before sixty-two (62) years of age, and a benefit is due to a survivor beneficiary under a joint and survivor option, the survivor benefit will be recalculated and adjusted as described in subsection (d) and in accord with the survivor option when the member would have reached sixty-two (62) years of age.

(g) Under [IC 33-38-8-14](#), a judge's retirement benefit is calculated upon the date the member applies to receive a retirement benefit. As used in [IC 33-38-8-14](#), "applies to receive a retirement benefit" is defined as the date upon which INPRS receives and accepts a member retirement application. Sec. 1.2. For retirements after the effective date of this rule, in accordance with Section 905 of the Pension Protection Act of 2006, and unless otherwise prohibited by law, a PERF or TRF participant who:

(1) is no longer working in PERF or TRF covered service with an employer;

(2) is actively working with the same employer; and

(3) is working in a non-PERF or non-TRF covered position;

is entitled to retire from PERF or TRF and begin receiving retirement benefits if the participant is otherwise eligible for retirement and the participant has reached normal retirement age, as defined in 35 IAC 1.2-1-4. For example, Steve is sixty-two (62) years of age and has fifteen (15) years of PERF service as a state of Indiana employee. Steve is elected as a judge eligible for service in the judges' retirement system (JRS). Steve terminates his previous state of Indiana PERF covered employment and immediately begins serving as a judge participating in the JRS. Since Steve is age and service eligible for a PERF benefit, has attained normal retirement age, and has terminated his PERF covered position, he is eligible to begin receiving PERF retirement benefits even though Steve did not separate from state employment. Sec. 1.3. (a) "Terminated employment with the applicable fund" for purposes of this section only means that a person is no longer serving in a covered position for the applicable fund with any employer and has reached fifty-nine and one-half (59 ½) years of age.

Sec. 1.4. A PERF or TRF member who is a state elected official or who is a person appointed to a state elected position in a position not covered by PERF or TRF, and otherwise meets the criteria set forth in [IC 5-10.2-4-8.2](#) may make an election to begin receiving PERF or TRF benefits while holding the position in accordance with and pursuant to [IC 5-10.2-4-8.2](#). For example, Judge Smith worked as a deputy attorney general in a PERF covered position for twenty (20) years. He was elected as a superior court judge and immediately left his PERF covered position to serve as a judge and is participating in the judges' retirement system. While serving as a judge, he may make the election to begin receiving his PERF retirement benefit if he meets the requirements of [IC 5-10.2-4-8.2](#). 35 IAC 1.2-5-1.6 Social Security integration; benefit calculation

Authority: [IC 5-10.2-3-6](#); [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2-4-4](#); [IC 5-10.2-4-5](#); [IC 5-10.2-4-7](#)

Sec. 1.6. (a) Pursuant to [IC 5-10.2-4-7](#)(b)(3), a member who retires between fifty (50) years of age and sixty-two (62) years of age may integrate the member's monthly pension benefit with the member's estimated Social Security benefits. This option increases the monthly pension benefit amount for which the member would ordinarily be eligible from the date of retirement until sixty-two (62) years of age. When the member reaches sixty-two (62) years of age, the member's monthly pension benefit will be reduced. Such reduction will occur whether or not the member applies for Social Security Administration benefits.

(b) To receive an estimate of the member's monthly pension benefit with Social Security integration, the member shall obtain an estimate of Social Security benefits to be received at sixty-two (62) years of age from the Social Security Administration and provide the estimate to INPRS.

(c) A member's pre-sixty-two (62) monthly pension benefit with Social Security integration shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Add the amount of the member's pension as calculated in [IC 5-10.2-4-4](#) and [IC 5-10.2-4-5](#) to the product obtained in subdivision (1). For purposes of this section, the retirement benefit does not include any payments from an ASA or RSA.

(d) A member's monthly pension benefit with Social Security integration at sixty-two (62) years of age shall be computed as follows:

(1) Multiply the member's Social Security estimate for benefits to be received at sixty-two (62) years of age and actuarial factors established by INPRS' actuary, and obtain a product.

(2) Subtract the product obtained in subdivision (1) from the member's pre-sixty-two (62) monthly pension benefit with Social Security integration as calculated in subsection (c).

(e) For members who retire with at least ten (10) years creditable service, notwithstanding subsections (c) and (d) of this rule, the payments made before a member reaches sixty-two (62) years of age and after a member reaches sixty-two (62) years of age may not be less than one hundred eighty dollars (\$180).

PUBLIC EMPLOYEES' RETIREMENT FUND

(f) If a retired member dies before reaching sixty-two (62) years of age with a designated survivor beneficiary, the beneficiary's benefit will be recalculated and adjusted as described in subsection (d) and in accord with the survivor option chosen at the time of the member's retirement.

(g) The amount of the member's Social Security benefits is not affected by the member's election of Social Security integration.

(h) For postretirement increases granted after July 1, 2021, as a percentage of a person's retirement benefit, the amount attributable to postretirement increases will be granted in accordance with the amount of benefit the member is receiving at the time the postretirement increase is granted. The postretirement increase shall be also be adjusted according to the amount of benefit the member receives at sixty-two (62) years of age. For example, if Rachel retires and receives one thousand dollars (\$1,000) per month in 2020 before she has reached sixty-two (62) years of age under the Social Security implementation option and a postretirement increase is granted in amount equal to two percent (2%) of the pension benefit in 2021, she will receive a one thousand dollar (\$1,000) pension amount and a twenty dollar (\$20) postretirement increase. In 2022, Rachel reaches sixty-two (62) years of age and her pension benefit reduces to two hundred dollars (\$200) based on her Social Security integration selection. At that time, the 2021 postretirement increase of 2% will be calculated based Rachel's two hundred dollar (\$200) post age sixty-two (62) pension amount. Thus, after Rachel reaches age sixty-two (62), she will receive a two hundred dollar (\$200) pension benefit and a four dollar (\$4) postretirement increase. Authority: [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2-4-6](#); [IC 5-10.3](#)

Sec. 2. (a) To be eligible to receive disability benefits, the member must have at least five (5) years of creditable service while receiving a salary or employer provided income protection benefits, or Family and Medical Leave Act leave, or prior to exhaustion of all worker's compensation benefits.

(b) Except as otherwise provided in law or this article, the disability benefit is computed using only the years of creditable service worked to the date of disability and without reduction for early retirement. For example, Ann has five (5) years of service credit. Ann's Social Security Administration (SSA) disability onset date relates back to the end of her fourth year of service. Ann is eligible to receive disability benefits because she has at least five (5) years of creditable service, but only four (4) years of service credit is used to calculate the benefit.

(c) To be eligible to receive disability benefits, the member must be receiving salary, worker's compensation benefits, employer-provided income protection benefits, or on leave under the Family and Medical Leave Act on the date the Social Security Administration determines the member becomes disabled.

(d) For the purpose of [IC 5-10.2-4-6\(a\)](#) and this rule, "while receiving a salary" includes:

(1) the last check date for a member, but does not include any checks or compensation received later than thirty (30) days from the last day the member was paid for physical work, for used sick time, for used compensatory time, or while on other leave or vacation; or

(2) when there is a nexus between the member's secession of covered service and the illness or injury resulting in the disability, but not more than thirty (30) days has elapsed between the employment termination date and the SSA disability onset date. INPRS in its sole discretion will determine whether a nexus exists between the disability and the termination of covered service. Example one: Donna becomes ill while in service in a covered position and exhausts all leaves and terminates employment due to the illness on July 1. Because of this illness, Donna received a SSA disability onset of July 28 of the same year. Donna meets the "while receiving a salary" definition because there was nexus between the illness and her employment and the onset date is within thirty (30) days of termination. Example two: Mary terminated covered service on July 1 and was paid her final compensation on July 15; on July 28 Mary is involved in an automobile accident while on vacation causing a disability. Mary does not meet the requirement for disability benefits because there is no nexus between the cause of the disability and work and she was not otherwise receiving salary or on leave.

(e) A member may continue to receive PERF disability benefits so long as the member is entitled to receive Social Security benefits, including periods of trial employment or rehabilitation under Social Security guidelines. However, during any such period, no service credit under PERF shall be granted.

PUBLIC EMPLOYEES' RETIREMENT FUND

(f) A member, including a state employee receiving state sponsored long-term disability benefits, may not receive a distribution of his or her ASA until the member separates from covered service or the Social Security Administration determines that the member has become disabled and the member has applied for disability benefits.

(g) A member who is receiving a disability retirement shall be automatically converted to regular retirement benefits upon reaching age and service eligibility. Unless otherwise prohibited by law, service credit earned or awarded during the period of time the member was receiving PERF disability benefits will be used in the calculation of the retirement benefit. Authority: [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2-4-3](#); [IC 5-10.3-7-11](#)

Sec. 5. (a) Subject to subsections (b) and (c), "basic salary" or "compensation" means all compensation included as gross income and paid to the employee, as reported on the member's W-2, for covered service by a covered employer, plus the amounts stated in [IC 5-10.2-4-3](#) that are not paid directly to the member. Subject to the limitations described in subsection (b), compensation includes, but is not limited to, vacation pay, sick pay, and employee bonuses. Certain fringe benefits, as defined in Internal Revenue Code Section 132(a), are not included in gross income.

(b) Compensation of not more than two thousand dollars (\$2,000) pursuant to and in accordance with [IC 5-10.2-4-3\(e\)](#) (in contemplation of retirement) may be used in the total annual compensation from which the average of the annual compensation is determined. This includes, but is not limited to, retirement bonuses, commutation of unused sick or personal leave, and payments made under the retiree leave conversion program (RLCP) as set forth in 31 IAC 5-10.

(c) "Basic salary" does not include investment incentive bonus compensation paid under an investment incentive bonus plan or executive director incentive bonus plan established by the INPRS board, and no contributions are to be paid on such compensation.

PUBLIC EMPLOYEES' RETIREMENT FUND

(d) A member's basic salary or annual compensation must be certified by an official of the employing unit who has knowledge of and access to the records as set forth in [IC 5-10.3-7-11](#). Benefits for disability shall be paid the first of a month following the onset of disability as determined by the Social Security Administration upon receipt and processing of the application for disability by INPRS. For example, Mary has been determined to be disabled by the Social Security Administration. Mary is receiving employer provided disability insurance payments. Mary's disability benefits will not commence until she files for a PERF disability benefit with INPRS and the application is processed. However, Mary's disability for retirement benefits will be paid back to the month following the onset of disability as determined by the Social Security Administration. In determining whether a member has achieved eligibility for disability benefits, periods of leave under the Family and Medical Leave Act (as defined in 35 IAC 1.2-3-5) and periods whereby the member was receiving salary, worker's compensation benefits, or employer-provided income protection benefits shall be included. - (1) the member was at least sixty-five (65) years of age at the time of death;
- (2) the member died in service in a PERF-covered position; and
- (3) the surviving spouse or dependent qualifies for a benefit.

(c) As provided in [IC 5-10.2-3-7.5](#), if an active member dies after June 30, 2018, regardless of whether the member dies in service in a covered position or the member dies out of service, the surviving spouse or dependent is entitled to a benefit, if the member had at least ten (10) years creditable service. The benefits shall be payable to the surviving qualifying surviving spouse or dependent(s) immediately after the member's death. The benefit shall be calculated according to the provisions of [IC 5-10.2-4-5](#) and shall use the latter of:

(d) For the purposes of [IC 5-10.2-3-7.5](#), "survivor benefit" means the pension benefit and does not include the member's defined contribution account.

(e) If a member did not designate a beneficiary of the defined contribution account or the designated beneficiary does not survive the member, a spouse or dependent entitled to a survivor benefit may elect to receive the balance of the account.

(f) The following apply if no valid claim for the account balance is made within three (3) years of INPRS learning of the member's death:

(1) Accounts with balances of at least one thousand dollars (\$1,000) will continue to be invested according to the deceased member's direction.

(2) Accounts with balances of less than one thousand dollars (\$1,000) are subject to an automatic lump sum distribution. The account will be closed once there are insufficient assets to pay the administration costs of the account.

(b) A member or the member's beneficiary may claim the amount credited to the fund and the account may be adjusted for gains, losses, or interest earnings unless otherwise limited by statute by petitioning PERF in writing.

(c) If the credited amount is from a suspended member's account, no gains or earnings shall be credited to the member's account in accordance with [IC 5-10.2-3-6](#).

35 IAC 1.2-5-13 Beneficiary designation

Authority: [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2](#); [IC 5-10.3](#)

Sec. 13. (a) "Designated beneficiary" means the person or entity designated by the member on a form approved by INPRS and part of the member's record as of the member's date of death. Beneficiary designations made electronically, via INPRS' website, are deemed to have met the requirements of this subsection.

(b) Members may designate more than one (1) primary beneficiary to receive the balance of their defined contribution account (ASA or RSA). Members may also designate more than one (1) contingent beneficiary.

(c) The primary beneficiary or contingent beneficiary designated by the member shall be:

- (1) one (1) or more persons;
- (2) the member's estate; or
- (3) a trust.

(d) If multiple persons are designated the following shall apply:

PUBLIC EMPLOYEES' RETIREMENT FUND

(1) The member shall indicate the percentage in whole numbers (no decimals or fractions) of total benefits each person is to receive.

(2) If percentages are not indicated or not indicated in whole numbers, payments will be disbursed as nearly equally to the named beneficiaries with the first designated beneficiary listed receiving an additional percentage amount in order to distribute in whole percentages. For example: Mona has fifty thousand dollars (\$50,000) in her ASA (defined contribution account) when she dies. Mona designated three (3) primary beneficiaries without assigning a whole percentage number of the total benefit for each to receive. The first listed beneficiary would receive thirty-four percent (34%) and the remaining two (2) beneficiaries would receive thirty-three percent (33%) each.

(3) If percentages indicated do not total one hundred percent (100%), each beneficiary shall receive an increased or decreased percentage, which is proportional to the percentages allotted him or her by the member.

(4) Subject to subdivision (2), if any of the multiple beneficiaries die prior to the member's death, the remaining beneficiaries shall be entitled to the deceased beneficiary's percentage of the total benefits, and each shall receive a percentage of the deceased's share which is nearly equal to the percentage allotted them by the member.

(5) So long as a primary beneficiary survives the member, a designated contingent beneficiary is not entitled to a share of the benefit unless the primary beneficiary disclaims the benefit.

(6) INPRS shall not accept per stirpes beneficiary designations.

(e) The primary and contingent beneficiary designation established by the member shall remain in full force and effect until changed by the member. Beneficiary designations made on a member's retirement application supersede the designation of all previous beneficiaries, unless the notification of retirement is withdrawn, invalid, or voided.

(f) Upon receipt of evidence the primary beneficiary did not survive the member, the contingent beneficiary is eligible to receive the member's defined contribution account.

(g) A member's RSA shall be combined and distributed according to the member's beneficiary designation for the defined contribution account (ASA). A defined contribution account and RSA may not have separate beneficiaries.

(h) The designated beneficiary's right to a benefit vests upon the death of the member in the designated beneficiary on file with the fund. A change of beneficiary designation must be made in a manner and form approved by the board and must be filed with the fund before the time of death of the member. A change of beneficiary designation received after the time of death of the member is not valid. A written beneficiary designation for the ASA or RSA must be signed by the member. Timely electronic beneficiary designations submitted through the fund's website in a form and manner approved by the board shall be deemed to have met the requirements of this rule. Affected: [IC 5-10.2-3](#); [IC 5-10.2-4](#); [IC 5-10.5-4-2.6](#)

Sec. 26. (a) When a member elects to annuitize their ASA or their RSA, the annuitized interest rate will be applied beginning with the date of the distribution of the annuity and the annuity will be calculated prospectively from that date regardless whether the distribution was deferred under [IC 5-10.2-4-2](#)(c), there is a retroactive disability payment under [IC 5-10.2-4-6](#), or there is a retroactive benefit payment under [IC 5-10.2-4-8.2](#).

(b) The annuity interest rate is determined by [IC 5-10.5-4-2.6](#) and this rule. Except for as set forth in subsection (c), the annuity interest rate that will be applied is the rate in effect as of the retirement date as determined under [IC 5-10.2-4-1.3](#), the disability retirement date, or the member's retirement date due to an election made under [IC 5-10.2-4-8.2](#).

(c) When a member elects to change their survivor beneficiary or pension option, or both, under [IC 5-10.2-4-7.2](#), the annuity interest rate that will be applied is the rate in effect as of the date INPRS receives the member's election form.

PUBLIC EMPLOYEES' RETIREMENT FUND

(d) When a member elects to defer receiving, in any form, the member's annuity savings account under [IC 5-10.2-4-2\(c\)](#), the annuity interest rate that will be applied is the rate in effect as of the date INPRS receives the member's postretirement payment of ASA election form. For example, Julia is a seventy-five (75) year old active member with twenty-five (25) years of creditable service. She makes an election under [IC 5-10.2-4-8.2](#) to begin receiving benefits relating back to the date she was first eligible to make the election (five (5) years ago). Julia elects to annuitize her ASA. The annuity is calculated and interest rate is the rate in effect on the date Julia elects as her retirement date. Julia will receive five (5) years of retroactive pension benefits using only twenty (20) years of service credit in the pension calculation. Because Julia's ASA account was actively earning interest, gains, or losses during the five (5) year period before Julia made the election, and the ASA had not been annuitized during this period, the annuitized interest rate will be applied beginning with the actual date of distribution of the annuity. Sec. 27. (a) A member who:

(1) receives a service credit or other determination from INPRS that inaccurately states the member's vested status or eligibility to begin receiving retirement or disability benefits; and

(2) relies on that inaccurate information to delay the member's retirement date and the filing of a retirement application; may be eligible for a retirement date that relates back to the date the member received the inaccurate determination or the date first eligible to begin receiving benefits following the date of the inaccurate determination. INPRS may deem the retirement application received on the date of the inaccurate determination or the date first eligible to begin receiving benefits following the date of the inaccurate determination.

(b) Subsection (a) applies only to members who:

(1) were vested or eligible to begin retirement benefits, as determined by INPRS, at the time of the inaccurate determination; and

(2) request that INPRS grant a retirement date that relates back to the date the member was first eligible for retirement benefits and follows the date of the inaccurate determination.

(c) The member may choose a retirement date that is the first day of the month following the date the application is deemed received.

(d) The inaccurate determination does not have to be in writing if the member can show, to the satisfaction of INPRS, the determination was inaccurate, the member relied on the determination in choosing a retirement date and filing an application, and any other elements necessary to comply with this section.

Sec. 1. (a) In accordance with and pursuant to [IC 5-10.3-7-12.5](#), the Indiana public retirement system board of trustees herein sets the due date for contributions as seven (7) days after a covered employer's payroll unless otherwise approved by the board. For adjustments to incorrect reports and contributions by the employer, the due date is seven (7) days after the pay period end date of the original wage and contribution report.

(b) Notwithstanding subsection (a), the due date for adjustments to wages and contributions for members returning to covered employment from military service is thirty (30) days after the member is reemployed.

(c) Upon written request of INPRS, covered employers shall submit their payroll date to PERF in a manner or form established by INPRS within seven (7) days of receipt of such request.

(d) Any payments not made on the due date may at INPRS' discretion accrue interest at a rate determined by INPRS.

(e) Any employer who fails to submit required contributions and reports within thirty (30) days of the due date will be subject to a penalty as set forth in [IC 5-10.3-7-12.5](#). If the thirtieth day following the due date falls on a Saturday, Sunday, or legal holiday, the due date becomes the next working day.

(f) An employer who has elected to pick up the mandatory employee contributions of its employees must do so by resolution in accordance with [IC 5-10.2-3-2](#)(d). An employer who wants to rescind its election to pick up the mandatory employee contributions must do so in writing with approval of its governing body. The change will be effective the first payroll date following the date INPRS receives and approves the change. For purposes of [IC 5-10.3-7-12.5](#)(c), habitually late is defined as failing to submit required contributions, records, or reports for over sixty (60) days after the due date.

(g) An employer deemed habitually late will remain in the habitually late status until it submits reports and contributions for twelve (12) months within seven (7) days of the respective due date and after fulfilling all delinquent reporting and contribution

requirements. Sec. 6. (a) A member who is on an approved leave of absence is not eligible for a withdrawal of his or her annuity savings account unless the reason for the leave is a layoff. In order for a member to receive a distribution of the member's PERF annuity

savings account, the member must have terminated the member's employment and be certified by the member's employer as being off the payroll and the date of termination and must meet the terms described in subsection (b) or (c). Employer verification is not required whenever more than one (1) year lapses from the date of the member's separation from employment and contributions to the fund cease. An application for distribution of the member's annuity savings account submitted by the member is an affirmation by the member that the member has separated from employment. Refunds will be made on or after the fifteenth day of the month next following the month of termination, if such termination is on or prior to the fifteenth day of the month and the application for distribution is received prior to the end of the month of termination.

(b) Prior to December 31, 2020, a member may withdraw money from the member's annuity savings account no sooner than thirty (30) days after separation from covered employment and service with the employer. A member who becomes reemployed in a PERF-covered position within thirty (30) days from the date of such termination is not entitled to a distribution from the member's annuity savings account. The effective date of the suspension of membership shall be automatically deferred and the member shall not be eligible for withdrawal of the member's annuity savings account. The member shall notify PERF immediately if the member becomes reemployed within such thirty (30) day period.

(c) After December 31, 2020, a member who has not reached age and service eligibility for normal retirement may withdraw money from the member's annuity savings account no sooner than thirty (30) days after separation from PERF-covered service with the employer.

(d) This applies after December 31, 2020. A member who has reached age and service eligibility for normal retirement may withdraw money from the member's annuity savings account after separation from PERF-covered service from the PERF employer without waiting thirty (30) days after such separation. 35 IAC 1.2-6-7 Legislators' defined contribution plan loans

Authority: [IC 2-3.5-5-11](#); [IC 5-10.5-4-2](#)

Affected: [IC 2-3.5-5-11](#)

Sec. 7. (a) Any participant in the legislators' defined contribution plan (LEDC) may apply on the applicable form to the fund for a loan from the legislators' defined contribution plan pursuant to this rule and such other procedures as may be established by the fund. Such loans will be available to all such participants on a uniform and nondiscriminatory basis. All loans are subject to the approval of the fund or its designee.

(b) The maximum amount of such loan, when added to the outstanding balance of all other loans from the fund, shall not exceed the lesser of:

(1) fifty thousand dollars (\$50,000), reduced by the excess, if any, of the highest outstanding balance of loans from the fund during the one (1) year period ending on the day before the date on which the loan is made, over the outstanding balance of loans from the fund on the date on which such loan is made; or

(2) one-half (1/2) of the employee's accounts within the defined contribution plan of the participant under the fund.

(c) Subject to subsection (b), the minimum amount of a loan shall be one thousand dollars (\$1,000).

(d) The loan program described in this rule shall be administered by the fund or its designee. All loans shall comply with the following terms and conditions:

(1) All loans shall be subject to applicable Internal Revenue Service regulations and restrictions.

(2) A participant may apply for a loan by completing the applicable forms.

(3) Each loan shall be amortized on a substantially level basis with monthly payments. Payments shall be made no later than the last day of a month for that month. The period of repayment shall be a minimum of twelve (12) months and shall not exceed five (5) years from the loan origination date. Notwithstanding the preceding sentence, the term of the loan shall not extend beyond the earlier of:

(A) in the case of a distribution that begins after the date of the loan to the extent that such distribution completely offsets the balance of the loan, the date such distribution of the employee's accounts within the defined contribution plan of the participant under the fund begins; or

PUBLIC EMPLOYEES' RETIREMENT FUND

(B) the date of a default on the loan.

(e) The participant receiving the loan shall make the required repayments in accordance with the loan agreement. Payments will be made in a form and manner as prescribed by INPRS. If the participant fails to make a timely loan repayment, the participant may make up any missed repayments before the end of cure period described in subsection (g)(1). INPRS or its designee must receive the payment on or before the last day of the cure period.

(f) The rate of interest shall be the prime rate per annum, as published in The Wall Street Journal on the first day of the quarter (or the earliest publication day of the quarter in the event of a publication holiday) in which a completed loan application is submitted, plus one percent (1%). A loan will carry the same interest rate throughout its term.

(g) The fund shall declare a default on a loan as of:

(1) the last day of the calendar quarter following the calendar quarter in which the participant fails to make a payment, unless the participant pays the amount due plus accrued interest and makes the loan account current with no other outstanding late payments owed prior to such date; or

(2) the date thirty (30) days after the fund in good faith deems the plan insecure with respect to the repayment of the loan and notifies the participant of this deemed insecurity.

(h) On default, the entire amount outstanding on the participant's loan will be due and payable.

(i) On default, the fund shall report to the Internal Revenue Service the outstanding loan balance (principal and interest) as a taxable distribution to the participant, which may also be subject to an additional ten percent (10%) excise tax under the Internal Revenue Code.

(j) A defaulted loan will continue to accrue interest until the loan amount has been repaid even in the event of a deemed distribution. A loan that is deemed distributed continues to accrue interest until it is repaid. The outstanding loan balance is considered only when determining the maximum loan amount available under Internal Revenue Code Section 72(p)(2)(A). Interest accruing on the loan after it is deemed distributed is not required to be repaid.

(k) Each loan shall be adequately secured. The plan shall have a security interest in the employee's accounts within the defined contribution plan of the participant under the fund.

(l) Any loan to a participant shall be considered to be a separate asset of the legislators' defined contribution plan segregated for the benefit of such participant. The interest paid on the loan shall be credited to the employee's accounts within the defined contribution plan of the participant. Such portion of the employee's accounts within the defined contribution plan on loan to the participant shall not share in the allocation of gains or losses. The principal and interest paid on the loan shall be credited to such employee's accounts within the defined contribution plan as determined by the fund.

(m) A participant may not take out any additional loans while the participant has a loan in default.

(n) A participant may not take more than two (2) loans in any calendar year.

(o) A participant may have any number of loans outstanding as long as all of the requirements of this rule are met.

(p) Any loan processing fee charged by a third party will be paid by the participant from the employee's accounts within the defined contribution plan of the participant.

(q) The loan proceeds will come from the employee's accounts within the defined contribution plan of the participant on a pro rata basis, and from the directed investment options of the participant on a pro rata basis.

(r) A member who terminates service covered by the LEDC with an outstanding loan shall repay the loan according to the terms and conditions of the loan agreement, except that any distribution occurring by such termination will first be used to offset the remaining balance of the loan.

(s) The participant may prepay, without penalty, the entire (or any part of the) outstanding principal balance of the loan and accrued interest to date of repayment. Prepayments will be made in a form and manner as prescribed by INPRS. No reamortization will apply. Authority: [IC 5-10.5-4-2](#)

Affected: [IC 5-10.2-4](#)

Sec. 9. (a) Direct deposit is the preferred way for members and beneficiaries to receive monthly benefits. A member or beneficiary who does not wish to have payments to the person deposited by direct deposit or another method approved by the board may request a waiver of the requirement of direct deposit or another method approved by the board. The member or beneficiary must:

- (1) state the reason for requesting the waiver; and
- (2) sign a waiver form.

(b) PERF shall grant the member's or beneficiary's request for a waiver, approval of which shall not be unreasonably denied, if any of the following apply:

- (1) The member or beneficiary currently does not have a savings or checking account.
- (2) The member or beneficiary is unable to establish a savings or checking account within the geographic area of the home of the member or beneficiary without payment of a service fee. In support of this reason, the member or beneficiary must submit a written statement of the inability to establish the account without the payment of a fee with the waiver request.
- (3) The home of the member or beneficiary is too remote to have access to a financial institution where direct deposit or another method approved by the board may be made.
- (4) The financial institution of the member or beneficiary is unable to:
 - (A) accept direct deposit or another method approved by the board; or
 - (B) process electronic withdrawal.

The member or beneficiary must submit with the waiver a written statement from the financial institution of the member or beneficiary that the financial institution is unable to accept direct deposit or another method approved by the board or process electronic withdrawal.

- (5) PERF determines that the facts of the particular case warrant a waiver of the requirement of direct deposit or another method approved by the board. A member or beneficiary who is in pay status as of July 1, 2009, and is receiving monthly benefits in a manner other than direct deposit or another method approved by the board shall not have the monthly benefits stopped for receiving monthly benefits in a manner other than direct deposit or another method approved by the board.

PUBLIC EMPLOYEES' RETIREMENT FUND

Sec. 17.1. (a) For prosecuting attorneys' retirement fund (PARF) benefits computed for a participant who retires on or after July 1, 2017, the benefit is computed as follows:

(1) Calculate the PARF benefit pursuant to [IC 33-39-7-16\(c\)](#) without regard to any offset. This is the benefit amount to be paid to the participant unless the PERF benefit exceeds the PARF benefit amount.

(2) If the participant is receiving a PERF benefit on the date the participant retires from PARF, the actual PERF benefit amount will offset the amount needed to fund the remainder, if any, of the PARF benefit amount. For example: Tony's PARF benefit is computed to be sixty thousand dollars (\$60,000) per year. Tony's PERF benefit is thirty thousand dollars (\$30,000) per year. Tony's total benefit is sixty thousand dollars (\$60,000) per year, but thirty thousand dollars (\$30,000) is paid from the PERF pension fund and the remainder from the PARF pension fund.

(3) If the participant is not receiving a PERF pension on the date the participant retires from PARF but vested in PERF, the cost of the total benefit being paid from the PARF pension fund is reduced by the amount that would have been paid to the participant if the participant had retired from PERF at the same time the participant retired from PARF. For example: Lindsay retires from PARF, but not from PERF. Lindsay's total PARF pension benefit is computed to be sixty thousand dollars (\$60,000) per year. If Lindsay had retired from PERF her PERF pension benefit would have been computed to be twenty thousand dollars (\$20,000) per year. Lindsay will receive from the PARF pension fund forty thousand dollars (\$40,000) per year.

(4) If the participant is not vested in PERF on the date that the participant retires from PARF, then there is no reduction in the amount of benefits paid from the PARF pension fund. For example: Mary has eight (8) years as a prosecutor and eight (8) years of PERF service when she retires from PARF. Mary's total PARF benefit will be paid from the PARF pension fund without any reduction from PERF.

(5) The actual PERF pension benefit being paid to the participant is used to offset the amount to be paid from the PARF pension fund for a participant who is receiving an in-service PERF benefit under [IC 5-10.2-4-8.2](#) (elected officials and Millie Morgan) while continuing to work in a PARF covered position when the participant begins receiving a PERF in-service benefit. For example: Jodi is eligible to and makes an election to begin receiving her PERF pension benefit while still serving in a PARF position. Since no other PERF pension benefits may accrue, the actual PERF pension benefit being paid to Jodi at the time she retires from PARF is used to offset the total cost the PARF pension amount being paid from the PARF pension fund.

(b) In the event that the PERF pension benefit exceeds the PARF benefit, the participant is entitled to withdraw from PARF the total sum contributed by the participant plus interest at a rate determined by board under 35 IAC 1.2-1-6.

(c) In the event a member currently receiving a PARF and PERF benefit becomes eligible for a postretirement increase related to the member's PERF pension, such postretirement increase shall not result in a recalculation or reduction of PARF pension benefit.
