71 IAC 9-3-3 Host state participation in merged pools

Authority: IC 4-31-3-9

Affected: IC 4-31-7-8

Sec. 3. (a) With the prior approval of the commission, an association licensed to conduct pari-mutuel wagering may determine that one (1) or more of its contests be utilized for pari-mutuel wagering at guest facilities in other states and may also determine that pari-mutuel pools in guest states be combined with corresponding wagering pools established by it as the host track or comparable wagering pools established by two (2) or more states.

(b) Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.

(c) Rules of racing established for races held in this state shall also apply to interstate common pools unless the commission shall have specifically otherwise determined.

(d) The commission shall approve agreements made between the association and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.

(e) Any contract for interstate common pools entered into by the association shall contain a provision to the effect that if, for any reason:

(1) it becomes impossible to successfully merge the bets placed in another state into the interstate common pool formed by the association; or

(2) the commission's or the association's representative determines that attempting to effect transfer of pool data from the guest state may endanger the association's wagering pool;

the association shall have no liability for any measures taken which may result in the guest's wagers not being accepted into the pool. (*Indiana Horse Racing Commission; 71 IAC 9-3-3; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1183; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899*)

71 IAC 9-3-4 Takeout rates in interstate common pools

Authority: IC 4-31-3-9

Affected: IC 4-31-7-8

Sec. 4. (a) With the prior approval of the commission, an association wishing to participate in an interstate common pool may change its takeout rate so as to achieve a common takeout rate with all other participants in the interstate common pool.

(b) An association wishing to participate in an interstate common pool may request that the commission approve a methodology whereby host and guest states with different takeout rates for corresponding pari-mutuel pools may effectively and equitably combine wagers from the different states into an interstate common pool. (*Indiana Horse Racing Commission; 71 IAC 9-3-4; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1184; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899*)

Rule 4. Calculation of Payoffs and Distribution of Pools

71 IAC 9-4-1 General

Authority: IC 4-31-3-9

Affected: IC 4-31

PARI-MUTUEL WAGERING

\$1 broken price = \$1 unbroken price rounded down to the break point

total payout = \$1 broken price × gross amount bet on winner

total breakage = net pool - total payout

(B) PROFIT SPLIT (PLACE POOL)

Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit $\frac{1}{2}$ and $\frac{1}{2}$ (place profit), then divide by total net amount bet on each place finisher for two (2) unique unbroken base prices.

(C) PROFIT SPLIT (SHOW POOL)

Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit $\frac{1}{3}$ and $\frac{1}{3}$ and $\frac{1}{3}$ (show profit), then divide by total net amount bet on each show finisher for three (3) unique unbroken base prices.

(d) If a profit split results in only one (1) covered winning betting interest or combinations it shall be calculated the same as a single price pool.

(e) Minimum payoffs and the method used for calculating breakage shall be established by the commission.

(f) The individual pools outlined in these rules may be given alternative names by each association, provided prior approval is obtained from the commission. (*Indiana Horse Racing Commission; 71 IAC 9-4-1; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1184; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899*)

71 IAC 9-4-2 Win pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 2. (a) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to win on that betting interest.

(b) The net win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

(1) To those whose selection finished first; but if there are no such wagers, to subdivision (2).

(2) To those whose selection finished second; but if there are no such wagers, to subdivision (3).

(3) To those whose selection finished third; but if there are no such wagers, to subdivision (4).

(4) The entire pool shall be refunded on win wagers for that contest.

(c) If there is a dead heat for first involving:

(1) contestants representing the same betting interest, the win pool shall be distributed as if no dead heat occurred; or

(2) contestants representing two (2) or more betting interests, the win pool shall be distributed as a profit split.

(*Indiana Horse Racing Commission; 71 IAC 9-4-2; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1185; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899*)

71 IAC 9-4-3 Place pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 3. (a) The amounts wagered to place on the first two (2) betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two (2) equal portions, one (1) being assigned to each winning betting interest and divided by the amount wagered to place on that betting interest, the resulting quotient is the profit per dollar wagered to place on that betting interest.

(b) The net place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) If contestants of a coupled entry or mutuel field finished in the first two (2) places, as a single price pool, to those who selected the coupled entry or mutuel field; or

PARI-MUTUEL WAGERING

(2) as a profit split to those whose selection is included within the first two (2) finishers; but if there are no such wagers on subdivisions (1) or (2), to subdivision (3).

(3) As a single price pool to those who selected the one (1) covered betting interest included within the first two (2) finishers; but if there are no such wagers, to subdivision (4).

(4) As a single price pool to those who selected the third place finisher; but if there are no such wagers, to subdivision (5).

(5) The entire pool shall be refunded on place wagers for that contest.

(c) If there is a dead heat for first involving:

(1) contestants representing the same betting interest, the place pool shall be distributed as a single price pool; or

(2) contestants representing two (2) or more betting interests, the place pool shall be distributed as a profit split.

(d) If there is a dead heat for second involving:

(1) contestants representing the same betting interest, the place pool shall be distributed as if no dead heat occurred; or

(2) contestants representing two (2) or more betting interests, the place pool is divided with one-half ($\frac{1}{2}$) of the profit distributed to place wagers on the betting interest finishing first and the remainder is distributed as a profit split among place wagers on those betting interests involved in the dead heat for second.

(Indiana Horse Racing Commission; 71 IAC 9-4-3; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1185; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899)

71 IAC 9-4-4 Show pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 4. (a) The amounts wagered to show on the first three (3) betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three (3) equal portions, one (1) being assigned to each winning betting interest and divided by the amount wagered to show on that betting interest, the resulting quotient being the profit per dollar wagered to show on that betting interest.

(b) The net show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) If contestants of a coupled entry or mutuel field finished in the first three (3) places, as a single price pool to those who selected the coupled entry or mutuel field; or

(2) if contestants of a coupled entry or mutuel field finished as two (2) of the first three (3) finishers, the profit is divided with two-thirds ($\frac{2}{3}$) distributed to those who selected the coupled entry or mutuel field and one-third ($\frac{1}{3}$) distributed to those who selected the other betting interest included within the first three (3) finishers; or

(3) as a profit split to those whose selection is included within the first three (3) finishers; but if there are no such wagers on subdivisions (1) through (3), to subdivision (4).

(4) As a profit split to those who selected one (1) of the two (2) covered betting interests included within the first three (3) finishers; but if there are no such wagers on two (2) of those three (3) finishers, to subdivision (5).

(5) As a single price pool to those who selected the one (1) covered betting interest included within the first three (3) finishers; but if there are no such wagers, to subdivision (6).

(6) As a single price pool to those who selected the fourth-place finisher; but if there are no such wagers, to subdivision (7).

(7) The entire pool shall be refunded on show wagers for that contest.

(c) If there is a dead heat for first involving:

(1) two (2) contestants representing the same betting interest, the profit is divided with two-thirds ($\frac{2}{3}$) distributed to those who selected the first place finishers and one-third ($\frac{1}{3}$) distributed to those who selected the betting interest finishing third;

(2) three (3) contestants representing a single betting interest, the show pool shall be distributed as a single price pool; or

(3) contestants representing two (2) or more betting interests, the show pool shall be distributed as a profit split.

(d) If there is a dead heat for second involving:

(1) contestants representing the same betting interest, the profit is divided with one-third ($\frac{1}{3}$) distributed to those who selected the betting interest finishing first and two-thirds ($\frac{2}{3}$) distributed to those who selected the second place finishers;

(2) contestants representing two (2) betting interests, the show pool shall be distributed as a profit split; or

(3) contestants representing three (3) betting interests, the show pool is divided with one-third ($\frac{1}{3}$) of the profit distributed to show wagers on the betting interest finishing first and the remainder is distributed as a profit split among show wagers on those

betting interests involved in the dead heat for second.

(e) If there is a dead heat for third involving:

- (1) contestants representing the same betting interest, the show pool shall be distributed as if no dead heat occurred; or
- (2) contestants representing two (2) or more betting interests, the show pool is divided with two-thirds ($\frac{2}{3}$) of the profit distributed to show wagers on the betting interests finishing first and second and the remainder is distributed as a profit split among show wagers on those betting interests involved in the dead heat for third.

(Indiana Horse Racing Commission; 71 IAC 9-4-4; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1186; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899)

71 IAC 9-4-5 Double pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 5. (a) The double requires selection of the first place finisher in each of two (2) specified contests.

(b) The net double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

- (1) As a single price pool to those whose selection finished first in each of the two (2) contests; but if there are no such wagers, to subdivision (2).
- (2) As a profit split to those who selected the first place finisher in either of the two (2) contests; but if there are no such wagers, to subdivision (3).
- (3) As a single price pool to those who selected the one (1) covered first place finisher in either contest; but if there are no such wagers, to subdivision (4).
- (4) As a single price pool to those whose selection finished second in each of the two (2) contests; but if there are no such wagers, to subdivision (5).
- (5) The entire pool shall be refunded on double wagers for those contests.

(c) If there is a dead heat for first in either of the two (2) contests involving:

- (1) contestants representing the same betting interest, the double pool shall be distributed as if no dead heat occurred; or
- (2) contestants representing two (2) or more betting interests, the double pool shall be distributed as a profit split if there is more than one (1) covered winning combination.

(d) Should a betting interest in the first half of the double be scratched prior to the first double contest being declared official, all money wagered on combinations, including the scratched betting interest, shall be deducted from the double pool and refunded.

(e) Should a betting interest in the second half of the double be scratched prior to the close of wagering on the first double contest, all money wagered on combinations, including the scratched betting interest, shall be deducted from the double pool and refunded.

(f) Should a betting interest in the second half of the double be scratched after the close of wagering on the first double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff, the net double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net double pool before calculation and distribution of the winning double payoff. Dead heats, including separate betting interests in the first contest, shall result in a consolation payoff calculated as a profit split.

(g) If either of the double contests are canceled prior to the first double contest, or the first double contest is declared no contest, the entire double pool shall be refunded on double wagers for those contests.

(h) If the second double contest is canceled or declared no contest after the conclusion of the first double contest, the net double pool shall be distributed as a single price pool to wagers selecting the winner of the first double contest. In the event of a dead heat involving separate betting interests, the net double pool shall be distributed as a profit split. *(Indiana Horse Racing Commission; 71 IAC 9-4-5; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1186; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899)*

71 IAC 9-4-6 Pick three pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 6. (a) The pick three requires selection of the first place finisher in each of three (3) specified contests.

(b) The net pick three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) As a single price pool to those whose selection finished first in each of the three (3) contests; but if there are no such wagers, to subdivision (2).

(2) As a single price pool to those who selected the first place finisher in any two (2) of the three (3) contests; but if there are no such wagers, to subdivision (3).

(3) As a single price pool to those who selected the first place finisher in any one (1) of the three (3) contests; but if there are no such wagers, to subdivision (4).

(4) The entire pool shall be refunded on pick three wagers for those contests.

(c) If there is a dead heat for first in any of the three (3) contests involving:

(1) contestants representing the same betting interest, the pick three pool shall be distributed as if no dead heat occurred; or

(2) contestants representing two (2) or more betting interests, the pick three pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(d) Should a betting interest in any of the three (3) pick three contests be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(e) If all three (3) pick three contests are canceled or declared no contest, the entire pool shall be refunded on pick three wagers for those contests.

(f) If one (1) or two (2) of the pick three contests are canceled or declared no contest, the pick three pool will remain valid and shall be distributed in accordance with subsection (b). (*Indiana Horse Racing Commission; 71 IAC 9-4-6; emergency rule filed Feb 10, 1994, 9:20 a.m.: 17 IR 1187; errata filed Mar 9, 1994, 2:50 p.m.: 17 IR 1622; readopted filed Oct 30, 2001, 11:50 a.m.: 25 IR 899*)

71 IAC 9-4-7 Pick (n) pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 7. (a) The pick (n) requires selection of the first place finisher in each of a designated number of contests. The association must obtain written approval from the commission concerning the following:

(1) The scheduling of pick (n) contests.

(2) The designation of one (1) of the methods prescribed in subsection (b).

(3) The amount of any cap to be set on the carryover.

Any changes to the approved pick (n) format require prior approval from the commission.

(b) The pick (n) pool shall be apportioned under one (1) of the following methods:

(1) For pick (n) with carryover, the net pick (n) pool and land carryover, if any, shall be distributed as a single price pool to those who selected the first place finisher in each of the pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of pick (n) contests; the remainder shall be added to the carryover.

(2) For pick (n) with minor pool and carryover, the major share of the net pick (n) pool and the carryover, if any, shall be distributed to those who selected the first place finisher in each of the pick (n) contests, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the second greatest number of pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first place finisher of all pick (n) contests, the minor share of the net pick (n) pool shall be distributed as a single price pool to those who selected

PARI-MUTUEL WAGERING

the first place finisher in the greatest number of pick (n) contests; the major share shall be added to the carryover.

(3) For pick (n) with no minor pool and no carryover, the net pick (n) pool shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.

(4) For pick (n) with minor pool and no carryover, the major share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of pick (n) contests, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the second greatest number of pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first place finisher in a second greatest number of pick (n) contests, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first place finisher in the greatest number of pick (n) contests. If the greatest number of first place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(5) For pick (n) with minor pool and no carryover, the major share of net pick (n) pool shall be distributed to those who selected the first place finisher in each of the pick (n) contests, based upon the official order of finish. The minor share of the net pick (n) pool shall be distributed to those who selected the first place finisher in the second greatest number of pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first place finisher in all pick (n) contests, the entire net pick (n) pool shall be distributed as a single price pool to those who selected the first place finisher in the greatest number of pick (n) contests. If there are no wagers selecting the first place finisher in a second greatest number of pick (n) contests, the minor share of the net pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first place finisher in each of the pick (n) contests. If there are no winning wagers, the pool is refunded.

(c) If there is a dead heat for first in any of the pick (n) contests involving:

(1) contestants representing the same betting interest, the pick (n) pool shall be distributed as if no dead heat occurred; or

(2) contestants representing two (2) or more betting interests, the pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

(d) Should a betting interest in any of the pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(e) The pick (n) pool shall be canceled and all pick (n) wagers for the individual performance shall be refunded if:

(1) at least two (2) contests included as part of a pick 3 are canceled or declared no contest;

(2) at least three (3) contests included as part of a pick 4, pick 5, or pick 6 are canceled or declared no contest;

(3) at least four (4) contests included as part of a pick 7, pick 8, or pick 9 are canceled or declared no contest; or

(4) at least five (5) contests included as part of a pick 10 are canceled or declared no contest.

(f) If at least one (1) contest included as part of a pick (n) is canceled or declared no contest, but not more than the number specified in subsection (e), the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the pick (n) carryover but not the carryover from previous performances.

(g) The pick (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the pick (n) carryover equals or exceeds the designated cap, the pick (n) carryover will be frozen until it is won or distributed under this rule. After the pick (n) carryover is frozen, one hundred percent (100%) of the net pool, part of which ordinarily would be added to the pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of pick (n) contests for that performance.

(h) A written request for permission to distribute the pick (n) carryover on a specific performance may be submitted to the commission. The request must contain the following:

(1) Justification for the distribution.

(2) An explanation of the benefit to be derived.

(3) The intended date and performance for the distribution.

(i) Should the pick (n) carryover be designated for distribution on a specified date and performance in which there are no

PARI-MUTUEL WAGERING

wagers selecting the first place finisher in each of the pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of pick (n) contests. The pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- (1) Upon written approval from the commission as provided in subsection (h).
- (2) Upon written approval from the commission when:
 - (A) there is a change in the carryover cap;
 - (B) there is a change from one (1) type of pick (n) wagering to another; or
 - (C) the pick (n) is discontinued.

(3) On the closing performance of the meet or split meet.

(j) If, for any reason, the pick (n) carryover must be held over to the corresponding pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The pick (n) carryover plus accrued interest shall then be added to the net pick (n) pool of the following meet on a date and performance so designated by the commission.

(k) With the written approval of the commission, the association may contribute to the pick (n) carryover a sum of money up to the amount of any designated cap.

(l) Providing information to any person regarding:

- (1) covered combinations;
- (2) amounts wagered on specific combinations;
- (3) number of tickets sold; or
- (4) number of live tickets remaining;

is strictly prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(m) The association may suspend previously approved pick (n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended pick (n) wagering is reinstated. An association may request approval of a pick (n) wager or separate wagering pool for specific performances. 71 IAC 9-4-8 Place pick (n) pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 8. (a) The place pick (n) requires selection of the first place or second place finisher in each of a designated number of contests. The association must obtain written approval from the commission concerning the following:

- (2) The designation of one (1) of the methods prescribed in subsection (b).
- (3) The distinctive name identifying the pool.
- (4) The amount of any cap to be set on the carryover.

Any changes to the approved place pick (n) format require prior approval from the commission.

(b) The place pick (n) pool shall be apportioned under one (1) of the following methods:

(1) For place pick (n) with carryover, the net place pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first place or second place finisher in each of the place pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first place or second place finisher in the greatest number of place pick (n) contests; the remainder shall be added to the carryover.

(2) For place pick (n) with minor pool and carryover, the major share of the net place pick (n) pool and the carryover, if any, shall be distributed to those who selected the first place or second place finisher in each of the place pick (n) contests, based upon the official order of finish. The minor share of the net place pick (n) pool shall be distributed to those who selected the first place or second place finisher in the second greatest number of place pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first place or second place finisher of all place pick (n) contests, the minor share of the net place pick (n) pool shall be distributed as a single price pool to those who selected the first place or second place finisher in the greatest number of place pick (n) contests; the major share shall be added to the carryover.

If there are no wagers selecting the first place or second place finisher in a second greatest number of place pick (n) contests, the minor share of the net place pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first place or second place finisher in the greatest number of place pick (n) contests. If the greatest number of first place or second place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.

(5) For place pick (n) with minor pool and no carryover, the major share of net place pick (n) pool shall be distributed to those who selected the first place or second place finisher in each of the place pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first place or second place finisher in a second greatest number of place pick (n) contests, the minor share of the net place pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first place or second place finisher in each of the place pick (n) contests. If there are no winning wagers, the pool is refunded.

(c) If there is a dead heat for first in any of the place pick (n) contests involving:

(1) contestants representing the same betting interest, the place pick (n) pool shall be distributed as if no dead heat occurred;
or

(2) contestants representing two (2) or more betting interests, the place pick (n) pool shall be distributed as a single price pool with a winning wager, including each betting interest participating in the dead heat.

(d) If there is a dead heat for second in any of the place pick (n) contests involving:

(1) contestants representing the same betting interest, the place pick (n) pool shall be distributed as if no dead heat occurred;
or

(2) contestants representing two (2) or more betting interests, the place pick (n) pool shall be distributed as a single price pool with a winning wager, including the betting interest which finished first or any betting interest involved in the dead heat for second.

(e) Should a betting interest in any of the place pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the win pool total for two (2) or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

(f) The place pick (n) pool shall be canceled and all place pick (n) wagers for the individual performance shall be refunded if:

(1) at least two (2) contests included as part of a place pick 3 are canceled or declared no contest.

(2) at least three (3) contests included as part of a place pick 4, place pick 5, or place pick 6 are canceled or declared no contest.

(3) at least four (4) contests included as part of a place pick 7, place pick 8, or place pick 9 are canceled or declared no contest.

(4) at least five (5) contests included as part of a place pick 10 are canceled or declared no contest.

(g) If at least one (1) contest included as part of a place pick (n) is canceled or declared no contest, but not more than the number specified in subsection (f), the net pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of place pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the place pick (n) carryover but not the carryover from previous performances.

(h) The place pick (n) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the place pick (n) carryover equals or exceeds the designated cap, the place pick (n) carryover will

PARI-MUTUEL WAGERING

be frozen until it is won or distributed under this rule. After the place pick (n) carryover is frozen, one hundred percent (100%) of the net pool, part of which ordinarily would be added to the place pick (n) carryover, shall be distributed to those whose selection finished first or second in the greatest number of place pick (n) contests for that performance.

(i) A written request for permission to distribute the place pick (n) carryover on a specific performance may be submitted to the commission. The request must contain the following:

- (1) Justification for the distribution.
- (2) An explanation of the benefit to be derived.
- (3) The intended date and performance for the distribution.

(j) Should the place pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first place or second place finisher in each of the place pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of place pick (n) contests. The place pick (n) carryover shall be designated for distribution on a specified date and performance under any of the following circumstances:

- (1) Upon written approval from the commission as provided in subsection (i).
- (2) Upon written approval from the commission when:
 - (A) there is a change in the carryover cap;
 - (B) there is a change from one (1) type of place pick (n) wagering to another; or
 - (C) the place pick (n) is discontinued.
- (3) On the closing performance of the meet or split meet.

(k) If, for any reason, the place pick (n) carryover must be held over to the corresponding place pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The place pick (n) carryover plus accrued interest shall then be added to the net place pick (n) pool of the following meet on a date and performance so designated by the commission.

(l) With the written approval of the commission, the association may contribute to the place pick (n) carryover a sum of money up to the amount of any designated cap.

- (m) Providing information to any person regarding:
- (1) covered combinations;
 - (2) amounts wagered on specific combinations;
 - (3) number of tickets sold; or
 - (4) number of live tickets remaining;

is strictly prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(n) The association may suspend previously approved place pick (n) wagering with the prior approval of the commission. Any carryover shall be held until the suspended place pick (n) wagering is reinstated. An association may request approval of a place pick (n) wager or separate wagering pool for specific performances. (b) The net quinella double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) If a coupled entry or mutuel field finishes as the first two (2) contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two (2) finishers in the alternate quinella double contest; or

(2) as a single price pool to those who selected the first two (2) finishers in each of the two (2) quinella double contests; but if there are no such wagers, to subdivision (3).

(3) As a profit split to those who selected the first two (2) finishers in either of the two (2) quinella double contests; but if there are no such wagers on one (1) of those contests, to subdivision (4).

(5) The entire pool shall be refunded on quinella double wagers for those contests.

(c) If there is a dead heat for first in either of the two (2) quinella double contests involving:

(1) contestants representing the same betting interest, the quinella double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest;

PARI-MUTUEL WAGERING

(f) Should a betting interest in the first half of the quinella double be scratched prior to the first quinella double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the quinella double pool and refunded.

(g) Should a betting interest in the second half of the quinella double be scratched prior to the close of wagering on the first quinella double contest, all money wagered on combinations, including the scratched betting interest, shall be deducted from the quinella double pool and refunded.

(h) Should a betting interest in the second half of the quinella double be scratched after the close of wagering on the first quinella double contest, all wagers combining the winning combination in the first contest with a combination, including the scratched betting interest in the second contest, shall be allocated a consolation payoff. In calculating the consolation payoff the net quinella double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination, including the scratched betting interest in the second contest, to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net quinella double pool before calculation and distribution of the winning quinella double payoff. In the event of a dead heat involving separate betting interests, the net quinella double pool shall be distributed as a profit split.

The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(d) If there is a dead heat for first involving:

71 IAC 9-4-14 Twin trifecta pools

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 14. (a) The twin trifecta requires selection of the first three (3) finishers, in their exact order, in each of two (2) designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket on the second twin trifecta contest in order to remain eligible for the second half twin trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first half twin trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta contests shall be included in only one (1) twin trifecta pool.

(b) After wagering closes for the first half of the twin trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools:

(1) the first half twin trifecta pool; and

(2) the second half twin trifecta pool.

(c) In the first twin trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest:

(1) As a single price pool to those whose combination finished in correct sequence as the first three (3) betting interests; but if there are no such wagers, to subdivision (2).

(2) As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, to subdivision (3).

(3) As a single price pool to those whose combination correctly selected the first place betting interest only; but if there are no such wagers, to subdivision (4).

(4) The entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second half shall be canceled.

(d) If no first half twin trifecta ticket selects the first three (3) finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second half twin trifecta pool. In such case, the second half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(e) Winning tickets from the first half of the twin trifecta shall be exchanged for tickets selecting the first three (3) finishers of the second half of the twin trifecta. The second half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest:

(1) As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence

PARI-MUTUEL WAGERING

as the first three (3) betting interests; but if there are no such tickets, to subdivision (2).

(2) The entire second half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second half twin trifecta pool of the next consecutive performance.

(f) If a winning first half twin trifecta ticket is not presented for cashing and exchange prior to the second half twin trifecta contest, the ticket holder may still collect the monetary value associated with the first half twin trifecta pool but forfeits all rights to any distribution of the second half twin trifecta pool.

(g) Uncoupled entries and mutuel fields shall be prohibited in twin trifecta contests.

(h) Should a betting interest in the first half of the twin trifecta be scratched, those twin trifecta wagers, including the scratched betting interest, shall be refunded.

(i) Should a betting interest in the second half of the twin trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second half twin trifecta pool.

(j) If, due to a late scratch, the number of betting interests in the second half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning tickets shall be entitled to the second half twin trifecta pool for that contest as a single price pool, but not the twin trifecta carryover.

(k) If there is a dead heat or multiple dead heats in either the first half or second half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(1) the first half of the twin trifecta, the payoff shall be calculated as a profit split; and

(2) the second half of the twin trifecta, the payoff shall be calculated as a single price pool.

(l) If either of the twin trifecta contests are canceled prior to the first twin trifecta contest, or the first twin trifecta contest is declared no contest, the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second half shall be canceled.

(m) If the second half twin trifecta contest is canceled or declared no contest, all exchange tickets and outstanding first half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that contest as a single price pool, but not twin trifecta carryover. If there are no such tickets, the second half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool as described in subsection (d).

(n) The twin trifecta carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the twin trifecta carryover equals or exceeds the designated cap, the twin trifecta carryover will be frozen until it is won or distributed under this rule. After the twin trifecta carryover is frozen, one hundred percent (100%) of the net twin trifecta pool for each individual contest shall be distributed to winners of the first half of the twin trifecta pool.

(o) A written request for permission to distribute the twin trifecta carryover on a specific performance may be submitted to the commission. The request must contain the following:

(1) Justification for the distribution.

(2) An explanation of the benefit to be derived.

(3) The intended date and performance for the distribution.

(p) Should the twin trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the twin trifecta after completion of the first half of the twin trifecta:

(1) As a single price pool to those whose combination finished in correct sequence as the first three (3) betting interests; but if there are no such wagers, to subdivision (2).

(2) As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, to subdivision (3).

(3) As a single price pool to those whose combination correctly selected the first place betting interest only; but if there are no such wagers, to subdivision (4).

(4) As a single price pool to holders of valid exchange tickets; but if there are not such holders, to subdivision (5).

(5) As a single price pool to holders of outstanding first half winning tickets.

(q) Contrary to subsection (b), during a performance designated to distribute the twin trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the twin trifecta. If there are no wagers correctly selecting the first place, second place, and third place finishers, in their exact order,

PARI-MUTUEL WAGERING

then exchange tickets shall be issued for combinations correctly selecting the first place and second place betting interests. If there are no wagers correctly selecting the first place and second place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first place betting interest only. If there are no wagers selecting the first place betting interest only in the first half of the twin trifecta, all first half tickets will become winners and will receive one hundred percent (100%) of that day's net twin trifecta pool and any existing twin trifecta carryover as a single price pool.

(r) The twin trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) Upon written approval from the commission as provided in subsection (o).

(2) Upon written approval from the commission when there is a change in the carryover cap or when the twin trifecta is discontinued.

(3) On the closing performance of the meet or split meet.

(s) If, for any reason, the twin trifecta carryover must be held over to the corresponding twin trifecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the commission. The twin trifecta carryover plus accrued interest shall then be added to the second half twin trifecta pool of the following meet on a date and performance so designated by the commission.

(t) Providing information to any person regarding:

(1) covered combinations;

(2) amounts wagered on specific combinations;

(3) number of tickets sold; or

(4) number of valid exchange tickets;

is strictly prohibited. This shall not prohibit necessary communication between totalizator and pari-mutuel department employees for processing of pool data.

(u) The association must obtain written approval from the commission concerning:

(1) the scheduling of twin trifecta contests;

(2) the percentages of the net pool added to the first half pool and second half pool; and

(3) the amount of any cap to be set on the carryover.

Any changes to the approved twin trifecta format require prior approval from the commission.

(v) Nonwinning second half twin trifecta tickets have no monetary value, and no refunds or exchanges will be made after the start of the second twin trifecta race. Sec. 15. (a) The superfecta requires selection of the first four (4) finishers, in their exact order, for a single contest.

(b) The net superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

(1) As a single price pool to those whose combination finished in correct sequence as the first four (4) betting interests; but if there are no such wagers, to subdivision (2).

(3) As a single price pool to those whose combination included, in correct sequence, the first two (2) betting interests; but if there are no such wagers, to subdivision (4).

(5) The entire pool shall be refunded on superfecta wagers for that contest.

(c) If less than four (4) betting interests finish and the contest is declared official, payoffs will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

(d) If there is a dead heat for first involving:

(1) contestants representing four (4) or more betting interests, all of the wagering combinations selecting four (4) betting interests, which correspond with any of the betting interests involved in the dead heat, shall share in a profit split;

(2) contestants representing three (3) betting interests, all of the wagering combinations selecting the three (3) dead-heated betting interests, irrespective of order, along with the fourth place betting interest, shall share in a profit split; or

(3) contestants representing two (2) betting interests, both of the wagering combinations selecting the two (2) dead-heated betting interests, irrespective of order, along with the third place betting interest, shall share in a profit split.

(e) If there is a dead heat for second, all of the combinations correctly selecting the winner combined with any of the betting interests involved in the dead heat for second shall share in a profit split.

71 IAC 9-4-16 Odd-even pool

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 16. (a) The odd-even wager requires the selection of the odd number or the even number of the betting interest, as listed in the official program, which is the first place finisher in a contest.

(b) A patron purchasing an odd-even pari-mutuel ticket shall designate "odd" or "even". An "odd" ticket represents a wager on each betting interest with an odd number as listed in the official program in a contest. An "even" ticket represents a wager on each betting interest with an even number as listed in the official program in a contest.

(c) The odd-even is a pool separate from, and with no relation to, the win, place, and show pools shown on the totalizator board. The odd-even pool is calculated as a single price pool.

(d) If the betting interest finishing first has an odd program number, the odd-even pool shall be distributed to the holders of tickets designating odd. If the betting interest finishing first has an even program number, the odd-even pool shall be distributed to the holders of tickets designating even.

(e) Except as otherwise provided by this section, if, after wagering has begun a betting interest entered in an odd-even race is scratched, declared out, or prevented from racing, there will be no refund.

(f) Except as otherwise provided by this section, if a race ends in a dead heat for first place between a betting interest with an odd program number and a betting interest with an even program number, the program number of the third place finishing betting interest will determine the winners of the odd-even pool. If there is a dead heat for third place between a betting interest with an odd program number and a betting interest with an even program number, the program number of the fifth place betting interest will determine the winners of the odd-even pool. If a race ends a dead heat for first place between three (3) betting interests, the type of program number of the majority of the betting interests involved in the dead heat will determine the winners of the odd-even pool.
