For purposes of determining different toll levels for the various segments of the toll road anytime after June 30, 2010, the following shall apply:

- (1) Notwithstanding the toll levels determined in accordance with this section, the actual tolls charged by the concessionaire will be rounded to:
 - (A) the nearest \$0.01 if the toll is collected using an electronic tolling system; and
 - (B) the nearest \$0.10 in the event that such toll is not collected using an electronic tolling system.
- (2) The maximum toll for any journey will be calculated as the sum of the tolls for each segment of the toll road included in the journey, subject to the following:
 - (A) Tolls at Westpoint (MP 1) and at ramp plazas to and from the east at Calumet Avenue (MP 5) and Cline Avenue (MP 10) will be computed assuming the trips were to/from Portage (MP 24).
 - (B) Tolls at ramp plazas to and from the west at I-65 Gary East (MP 17), I-94/Lake Station (MP 21) and Willow Creek (MP 23) will be computed assuming the trips were to/from Buchanan Street (MP 13).

(i) The table below presents the mileage that shall be used when determining maximum (or minimum) toll levels for any segment of the toll road, provided that if the location of any of the toll plazas is changed or a new toll plaza is added, then the segment lengths shall be adjusted to reflect such change in a manner consistent with the methodology used in preparation of the table below:

(j) Tolls as only imposable charges as of closing date. The only charges that the concessionaire may impose on toll road users are the tolls authorized pursuant to this section and 135 IAC 2.5-5-1. 135 IAC 2.5-3-1 Notice Requirements

Authority: IC 8-15-2-14; IC 8-15-2-17; IC 8-15-2-17.2; IC 8-15.5-7; IC 8-15.5-10
Affected: IC 8-15-2; IC 8-15.5

Sec. 3. Notice Requirements. The concessionaire will provide written notice to the authority of the date on which the electronic tolling system will be fully implemented (and operational) as far in advance of such date as is reasonably practicable, but in no event less than 28 days prior to such date. For purposes of determining the freeze termination date, the electronic tolling system shall be deemed to have been implemented at such time as (i) a class 2 user fitted with an electronic transponder can traverse the entire round trip length of the toll road with the tolls payable by such class 2 user being registered automatically by such transponder at each toll plaza without the need for such class 2 user to pay such tolls in cash as it passes through such toll plazas; and (ii) the receipt by the authority of written notice from the concessionaire of such implementation (which notice may be given at the concessionaire's discretion). Rule 4. Fees and Charges Related to Electronic Tolling System

Authority: IC 8-15-2; IC 8-15.5-7; IC 8-15.5-10
Affected: IC 8-15.5

Sec. 1. (a) Notwithstanding 135 IAC 2.5-2-1 and 135 IAC 2.5-5-1, upon implementation of the electronic tolling system, the authority may:

- (1) establish, collect, and enforce reasonable administration fees and reasonable fees to commence or appeal any dispute proceedings;
- (2) establish reasonable interest rates to be charged on unpaid tolls and fees and collect interest charged as such rates;
- (3) establish reasonable terms and conditions, including reasonable fees, for the registration and distribution of toll devices; and
- (4) require reasonable security for the provision of any toll devices.

All revenues to be derived from the foregoing shall be deemed to be toll revenues. The sole purpose of any fees or charges implemented pursuant to this section shall be to enable the concessionaire to recover its reasonable, out-of-pocket, and documented costs and expenses that are directly incurred with respect to the items listed in clauses (1), (2), (3), and (4) of this section [subdivisions (1) through (4)]. The amount of any such fees or charges shall not exceed the amount reasonably necessary for the concessionaire to recover its reasonable, out-of-pocket, and documented costs and expenses that are directly incurred with respect to the items listed in clauses (1), (2), (3), and (4) of this section [subdivisions (1) through (4)].

(b) Upon implementation of the electronic tolling system, the state shall assess fines against persons who run toll gates and the concessionaire shall receive 50% of such fines.
