This rule specifically does not include eligibility criteria for individuals receiving benefits on the basis of income as determined using MAGI under 42 CFR 435.603, which is hereby incorporated by reference. (Office of the Secretary of Family and Social Services: 405 IAC 2-1.1-2; filed Apr 8, 2014, 12:37 p.m.: 20140507-IR-405130533FRA; readopted filed Nov 13, 2019, 11:54 a.m.: 20191211-IR-405190487RFA)

Affected: IC 12-15-2; IC 12-15-3

Sec. 3. (a) For purposes of this rule, any determination of eligibility on the basis of blindness or disability made by SSA is binding upon the state. A determination of eligibility by SSA for SSI automatically confers Medicaid eligibility upon that individual. This subsection governs when:

(1) an eligibility determination is to be made by SSA; and
(2) a determination is to be made by the state.

(b) SSA determinations.

(1) SSA determination of eligibility. When an individual has been determined eligible for SSI by SSA, the state shall:
(A) receive notification of such eligibility;
(B) adopt SSA's determination; and
(C) automatically enroll that individual in Medicaid.

(2) SSA determination of ineligibility. SSA's determination of ineligibility for SSI or SSDI on the basis of disability or blindness is binding on the state as it relates to disability or blindness, regardless of any prior determination the state may have made.

(3) Changed determination. SSA's determination of eligibility on the basis of disability or blindness is binding on the state until changed by SSA. If such SSA determination is changed, the new SSA determination on the basis of disability or blindness is also binding on the state.

(c) State determinations.

(1) The state must make a determination of eligibility for Medicaid under the following circumstances:
(A) Applications for benefits are filed with both SSA and the state;
(B) SSA has determined the individual to be blind or disabled, and the individual:
   (i) is not receiving SSI; and
   (ii) submitted an application to the state as described in 405 IAC 2-1-2(d); or
   (C) The individual alleges a change in circumstances as provided in section 1(c) of this rule.

(2) Pending application with SSA. Where an individual has applied to both SSA for benefits and the state for Medicaid, the state must make a determination within ninety (90) days of its receipt of the individual's application for Medicaid when no determination has been made by SSA, as set forth in 42 CFR 435.541(c)(2).

(3) Where an individual has not applied to SSA for benefits but applies to the state for Medicaid, the state must make a determination of eligibility. In accordance with 42 CFR 435.608, the state shall require such individual to apply for all other benefits he or she may be eligible to receive, including SSI or SSDI benefits, as a condition of Medicaid eligibility.

(4) Change in circumstances. The state must make a determination if:
(A) SSA has previously determined the individual to be ineligible for SSI on the basis of blindness or disability; and
(B) the individual alleges a change in circumstances.

Sec. 5. (a) Individuals declared eligible for benefits by reason of age, disability, or blindness are subject to the income definition and exclusions set forth in 42 U.S.C. 1382a and 20 CFR Part 416, Subpart K Income.
(b) The income standard to be used is one hundred percent (100%) of FPL.
(c) The following apply in determining the household size of an applicant or member for purposes of determining income:

   (4) A stepparent.
   (5) A biological or adoptive sibling under the care of the child applicant or member's parent or parents.
(e) If the countable income calculated according to subsection (d) for any individual listed in subsection (d)(1) through (d)(5) is greater than three hundred sixty-one dollars ($361), there will not be a deduction for that individual. If the countable income calculated according to subsection (a) for any individual listed in subsection (d)(1) through (d)(5) is less than three hundred sixty-one dollars ($361), then the allocated amount to be deducted for such individual shall be the difference between three hundred sixty-one dollars ($361) and that individual's countable income.
(f) Beginning in calendar year 2014, the allocation amount specified in subsection (d) shall increase annually in the same percentage amount that is applied to SSI benefits under 42 U.S.C. 1382f. The increase in the allocation amount shall be effective on the first day of the same month in which the office processes the Title II costs of living adjustments received by public assistance members under 42 U.S.C. 415(i).
(g) To be considered income eligible while either residing in an institution or while receiving home and community based waiver services, an individual must have countable income that is not more than the special income level as follows:
   (1) If residing in an institution, the individual must reside there for a period of not less than thirty (30) continuous days. If a person dies before the thirty (30) continuous days has passed, it is assumed that the thirty (30) continuous days has been met.

(c) Except as provided in subsection (j), an individual's financial eligibility for Medicaid under this section is based on the individual's household income as defined in subsection (d). An individual whose eligibility is being determined under this section will be eligible for Medicaid if the MAGI-based income of the individual's household meets the financial threshold requirements in accordance with federal poverty levels established by the office under this title.

(d) Except as provided in subdivision (1), household income is the sum of the MAGI-based income, as defined in section 1 of this rule, of the individual and every individual in the individual's household, minus the amount equivalent to five (5) percentage points of the federal poverty level for the applicable family size as follows:

1. The MAGI-based income for a tax filer will include the income of a claimed child or tax dependent if the child or tax dependent will be required to file a tax return under 26 U.S.C. 6012(a)(1) for the taxable year in which eligibility is being determined.

   - (A) Individuals other than a spouse or a biological, adopted, or step child who expect to be claimed as a tax dependent by another taxpayer.
   - (B) Individuals under nineteen (19) years of age who expect to be claimed by one (1) parent as a tax dependent and are living with both parents but whose parents do not expect to file a joint tax return.
   - (C) For the purposes of this section, in determining which parent claims an individual under nineteen (19) years of age as a tax dependent, who expect to be claimed as a tax dependent, the following documentation will be used to determine the tax dependent status:
     - (i) A court order or binding separation, divorce, or custody agreement establishing physical custody controls.

(f) The office may require the individual under this section to verify the household size for subsection (e)(1). This verification may include a self-attestation from the individual as to household size. If the individual cannot reasonably establish that another individual is a tax dependent of the taxpayer for the tax year in which Medicaid is sought, the inclusion of such individual in the

(g) Financial eligibility for Medicaid for applicants, and other individuals not receiving Medicaid benefits at the point at which eligibility for Medicaid is being determined, must be based on current monthly household income and family size.

(h) Except as provided in subdivision (1), for individuals who have been determined financially eligible for Medicaid using the MAGI-based methods set forth in this section, the office shall base financial eligibility on income based on current household income and family size for the remainder of the current calendar year under subsection (i). Application of the MAGI-based methodologies for individuals under this subsection will not be applied until either:

(k) If the household income of an individual determined in accordance with this section results in financial ineligibility for Medicaid and the household income of such individual determined in accordance with 26 CFR 1.36B-1(e) is below one hundred percent (100%) federal poverty level, Medicaid financial eligibility will be determined in accordance with 26 CFR 1.36B-1(e), which is hereby incorporated by reference.       (ii) was residing in the applicant's or member's home for a period of at least one (1) year immediately before the date the applicant or member becomes an institutionalized individual.

   (D) A son or daughter of the applicant or member, other than a child described in clause (B), who:

      (i) was residing in the applicant's or member's home for a period of at least two (2) years immediately before the date the applicant or member becomes an institutionalized individual; and
      
      (ii) the office determines has provided care to the applicant or member that permitted the applicant or member to reside at home rather than in an institution or facility.

(2) The assets were transferred to:

   (A) the applicant's or member's spouse; or
   
   (B) another for the sole benefit of the applicant's or member's spouse.

(3) The assets were transferred from the applicant's or member's spouse to another for the sole benefit of the applicant's or member's spouse.

(4) The assets were transferred to:

   (A) the applicant's or member's child who is disabled or blind as defined in 42 U.S.C. 1382c; or
   
   (B) a trust, including a trust described in section 22(i) of this rule, established solely for the benefit of the applicant's or member's child who is disabled or blind as defined in 42 U.S.C. 1382c.

(5) The assets were transferred to a trust, including a trust described in section 22(i) of this rule, established solely for the benefit of an individual under sixty-five (65) years of age who is disabled as defined in 42 U.S.C. 1382c.

(6) The assets transferred are disregarded for eligibility purposes through the use of a qualified long term care insurance policy under IC 12-15-39.6. If an asset is disregarded through the use of a qualified long term care insurance policy, that asset and any income generated by that asset may be transferred without penalty.

(7) A satisfactory showing is made to the office, in accordance with standards specified under 42 U.S.C. 1396p(c)(2)(C) by the Secretary of Health and Human Services, that:
(A) the applicant or member intended to dispose of the assets at fair market value or for other valuable consideration;
(B) the assets were transferred exclusively for a purpose other than to qualify for Medicaid; or
(C) all assets transferred for less than fair market value have been returned to the applicant or member.

In order to establish that a transfer was made exclusively for purposes other than qualifying for Medicaid, the applicant or member must submit sufficient evidence to show that the transfer was made exclusively for reasons not related to Medicaid eligibility, estate recovery, or lien.

(8) The office may waive the application of this section in cases of undue hardship, but only to the extent required by standards specified under 42 U.S.C. 1396p(c)(2)(D) by the Secretary of Health and Human Services and section 24 of this rule.

(1) For transfers of income-producing real property not used in a trade or business on and after July 1, 2003, six thousand dollars ($6,000) of the equity value can be transferred without penalty if the transferred property produces an annual income of at least three hundred sixty dollars ($360). If the equity value of the property is less than six thousand dollars ($6,000), the property can be transferred without penalty if the property produces an annual income of at least six percent (6%) of the equity. This six thousand dollars ($6,000) exemption is a single, one (1) time exemption that applies to the total value of all income-producing real property transferred by the applicant during the applicant's lifetime. If the property does not produce an annual income of at least six percent (6%) of the lesser of six thousand dollars ($6,000) or the equity value, the entire equity is the uncompensated value.

(m) In the case of a transfer by the spouse of an applicant or member that results in a period of ineligibility for Medicaid, the office shall apportion the period of ineligibility, or any portion of that period, between the applicant or member and the applicant's or member's spouse, if the spouse otherwise becomes eligible for Medicaid, as specified in regulations promulgated under 42 U.S.C. 1396p(4)(4) by the Secretary of Health and Human Services. 405 IAC 2-3-1.2 Annuities

Authority: IC 12-15-1-10
Affected: IC 12-15-4

Sec. 1.2. (a) For purposes of this section, "annuity" means a policy, certificate, contract, or other arrangement between two (2) or more parties whereby one (1) party pays a lump sum of money or other valuable consideration to the other party in return for the right to receive payments in the future and shall include any similar financial instrument, as may be specified by the Secretary of Health and Human Services. An annuity not purchased from an entity described in subsection (b) will be considered a transfer for inadequate consideration.

(b) The purchase of an annuity, any instrument purporting to be an annuity, or any other arrangement that meets the definition of an annuity in subsection (a) shall be considered an uncompensated transfer of assets resulting in a penalty under section 1.1 of this rule unless the annuity is purchased from one (1) of the following:

(1) An insurance company or another commercial company that sells annuities as part of the normal course of business.
(2) A nonprofit organization qualified under Section 501(c) of the Internal Revenue Code as amended.
(c) An annuity described in subsection (a) is not an asset for purposes of section 1.1 of this rule if:

(1) the annuity is:
   (A) an annuity described in subsection (b) or (q) of Section 408 of the Internal Revenue Code of 1986, as amended; or
   (B) purchased with proceeds from an account or trust described in subsection (a), (c), or (p) of Section 408 of such Code, a simplified employee pension within the meaning of Section 408 of the Code, or a Roth IRA described in Section 408(A) of such Code; or
(2) the annuity:
   (A) is irrevocable and nonassignable;
   (B) is actuarially sound; and
   (C) provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.
(d) An annuity shall be treated as a transfer of property for less than fair market value under section 1.1 of this rule unless:
(1) the state is named as the remainder beneficiary in the first position for at least the total amount of Medicaid paid on the behalf of the applicant for Medicaid;
(2) the state is named as such a beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if such spouse or a representative of such child disposes of any such remainder for less than fair market value; or
(3) the individual purchased a long term care insurance policy that protects the annuity.
(e) Individual retirement accounts (IRAs), Keogh Plans, 401K Plans, pensions, annuities, and other work related plans are considered retirement accounts and are an available resource to an individual if there is an option of withdrawing an amount for any reason, even though the member may not yet be eligible for periodic payments unless:
(1) the applicant or member must terminate employment in order to obtain any payment from the retirement account; or
(2) pursuant to (c)(2) [subsection (c)(2)], when the retirement account has been annuitized and regular, periodic payments are being received, the account is no longer a countable resource and the payments are considered unearned income. If the IRA has sporadic withdraws, then this is a conversion of resources and is not income, but remains a resource.

(b) For purposes of determining an individual's eligibility for, or an amount of, benefits under this article, when an applicant or member residing in a continuing care retirement community or similar life care community collects an entrance fee on admission from such individual the fee shall be considered an available resource to the extent that:
(1) an individual who has the ability to use the entrance fee, or should the contract provide that the entrance fee may be used, to pay for care should other resources or income of the individual be insufficient to pay for such care;
(2) the individual is eligible for a refund of any remaining entrance fee when the individual dies or terminates the continuing care retirement community or life care community contract and leaves the community; and
(3) the entrance fee does not confer an ownership interest in the continuing care retirement community or life care community.

405 IAC 2-3-12 Contract sale of real property; calculation as income

Sec. 12. (a) A property agreement is a pledge of security of a property for the payment of a debt or the performance of some
other obligation within a specified period of time. A land contract is a property agreement whereby there is a contract for the sale of real estate in which the seller of the real estate retains legal title to the real estate until the total contract price is paid by the buyer. Pursuant to the Deficit Reduction Act of 2005, land contracts or property agreements must meet the following criteria:

1. The repayment term must be actuarially sound in that it cannot be set up in terms that exceed the applicant's/member's life expectancy.
2. Payment must be made in equal amounts during the term with no deferral of payment and no balloon payment.
3. The land contract or property agreement must prohibit the cancellation of the balance upon the death of the lender. If a balance remains upon the death of the lender, it must be designated to the estate of the deceased in order to be considered valid.

(b) For all land contracts and property agreements meeting the criteria listed in subsection (a):
1. any down payment shall be counted as a resource;
2. the interest portion of the payment shall be counted as income pursuant to 20 CFR 416.1103(f);
3. the principal portion of the payment shall not be considered income;
4. amounts paid towards the principal shall be considered a countable resource as of the first of the month after the payment is received;
5. principal amounts may not be deducted from bank balances or reports of cash on hand, or put into a Miller Trust;
6. the property itself is a [sic] not a countable resource because the seller cannot legally convert it to cash while it is encumbered by the non-negotiable agreement; and
7. the property agreement or promissory note has an assumed resource value based on the outstanding principal balance unless the individual furnishes evidence that it has a lower cash value.

(c) If the criteria in subsection (a) are not met, a non-negotiable land contract or property agreement must be treated as a prohibited transfer of resources in accordance with the following requirements:
1. Ineligibility periods shall be determined and applied towards the applicant or member.
2. The value of the contract to be considered an improper transfer will be the outstanding balance due as of the date of the individual's application for Medicaid or date of admission for long term care, whichever is later.
3. In the case of home and community based waiver services, the balance to be used is the amount as of the date of the cost comparison budget approval.

(d) For land contracts that do not meet the criteria in subsection (a), the outstanding principal on the negotiable agreement is considered a countable resource pursuant to 42 U.S.C. 1396p. (Office of the Secretary of Family and Social Services; 405 IAC 2-3-12; filed Mar 1, 1984, 2:33 p.m.: 7 IR 1043, eff Apr 1, 1984; readopted filed Jun 27, 2001, 9:40 a.m.: 24 IR 3822; readopted filed Sep 19, 2007, 12:16 p.m.: 20071010-IR-405070311RFA; readopted filed Oct 28, 2013, 3:18 p.m.: 20131127-IR-405130241RFA; readopted filed Nov 13, 2019, 11:54 a.m.: 20191221-IR-405190487RFA; filed Jun 11, 2021, 2:35 p.m.: 20210707-IR-405190602FRA) NOTE: Transferred from the Division of Family and Children (470 IAC 9.1-3-14) to the Office of the Secretary of Family and Social Services (405 IAC 2-3-12) by P.L.9-1991, SECTION 131, effective January 1, 1992.

approved plan for achieving self-support, is disregarded for a period of time not to exceed twelve (12) months. Such a plan will be approved by the office if the plan is in writing and fully documents that the resources to be disregarded will be used by the applicant or member in pursuing a bona fide activity aimed at achieving self-support.

(c) An applicant or member is ineligible for Medicaid for any month in which the total equity value of all nonexempt property exceeds the applicable limitation, set forth as follows, on the first moment of the first day of the month:

(1) Two thousand dollars ($2,000) for the applicant or member, in addition to the amount determined in subdivision (3), if applicable.

(d) In determining eligibility of an individual applying for Medicaid with respect to nursing facility services or other long term care services, the individual shall not be eligible for such assistance if the individual's equity interest in the individual's home exceeds five hundred forty-three thousand dollars ($543,000). The dollar amount specified in this subsection shall be increased from year to year in accordance with federal law. The limitation in this subsection shall not apply if:

(1) the individual's spouse or dependent child under twenty-one (21) years of age or blind or disabled child lawfully resides in the home;
(2) a reverse mortgage or home equity loan has reduced the individual's equity interest in the home below the equity interest restriction;
(3) the individual purchased a long term care insurance policy that will protect the excess home equity;
(4) the individual can prove through the process in section 24 of this rule that the application of this subsection will create a hardship for the individual under the standards stated in that rule.

(e) As a condition of eligibility for Medicaid for the aged, blind, and disabled, each applicant and member and his or her legally responsible relatives must sign an agreement to offer for sale or for rent all nonexempt real property that he or she or his or her legally responsible relatives own, except in those situations involving a community spouse and an institutionalized spouse, as defined in Section 1924(h) of the Social Security Act, wherein the total equity value of all resources of the couple does not exceed the sum of the institutionalized spouse's resource limitation specified in subsection (c)(3) and the community spouse resource standard, as determined under Section 1924(f)(2)(A) of the Social Security Act.

(f) If nonexempt real property is not offered for sale or for rent at current market value within thirty (30) days of written notification of Medicaid or within thirty (30) days after the agreement referenced in subsection (e) is signed, whichever is later, the member shall be ineligible for Medicaid. 405 IAC 2-3-24 Undue hardship exception for Medicaid eligibility purposes

Authority: IC 12-13-7-3; IC 12-15-1-10
Affected: IC 12-15-2-10

Sec. 24. (a) At the time an applicant is notified that they are being denied Medicaid benefits due to:

(1) section 1.1 of this rule;
(2) section 22 of this rule; or
(3) both sections 1.1 and 22 of this rule;
the state shall notify the applicant that a hardship exception to the rules exists.

(b) An applicant may file for a hardship exception only if the applicant chooses not to file for an administrative appeal on the merits of their determination. By filing a request for a hardship exception, an applicant:

(1) admits that a transfer for less than adequate consideration was made and the agency's determination of any penalty was
correct;
(2) waives the right to file a request for an administrative appeal; and
(3) revokes any previously filed administrative appeal.

If an applicant simultaneously files an administrative appeal and a hardship exception, the request for the hardship exception will be denied and forwarded to the administrative law judge (ALJ) for consideration.

(c) The following persons can apply for the hardship exception and will have standing to pursue an appeal of denial of such exception:

(1) The applicant for benefits.
(2) The applicant's personal representative.
(3) The nursing facility in which the applicant currently resides, so long as the applicant or the applicant's personal representative consent.

(d) A request for a hardship exception must be received by the office of Medicaid policy and planning by close of business as defined in 405 IAC 1.1-1-3(c) not later than thirty-three (33) calendar days from the mailing date of the notification to the applicant of the denial of Medicaid benefits under subsection (a).

(e) In order to qualify for a hardship exception, the member shall supply written documentation proving that the application of transfer of asset rules will deprive the applicant of:

(1) medical care such that the applicant's health would be endangered; or

(2) food, clothing, shelter, or other necessities of life.

(f) An undue hardship shall not exist when:

(1) the imposition of the transfer of assets provisions:

(A) merely cause the applicant inconvenience; or

(B) such imposition might restrict the applicant's lifestyle but not put the applicant at risk of serious deprivation;

(2) an individual is required to sell an asset in an arms length transaction, which would result in a sale of the asset that is less than the current fair market value;

(3) the undoing of a transfer causes:

(A) adverse tax consequences; or

(B) penalties, interest, or other contract damages;

however where such penalties, interest, and contract damages are incurred in a contract between members of the same family (including step- and half- family members) the penalties, interest, and damages shall be considered transfers for inadequate consideration;

(4) the applicant claims that:

(A) imposition of the transfer penalty will result in the dissolution of a marriage; or

(B) the only way to avoid the transfer penalty is to dissolve the marriage;

(5) the undoing of a transfer will cause hardship to an individual who is not the applicant.

This list shall not be exclusive, and the decision to deny an undue hardship exception shall not be limited to situations described in this subsection.

(g) The decision to grant or deny an undue hardship exception shall be made by the office within forty-five (45) days of receiving a request for an exception. Denial of an undue hardship exception under this section may be appealed by following the rules under 405 IAC 1.1. An ALJ may only issue a hardship waiver when the denial of the hardship waiver by the office is being appealed.

(c) Subject to subsection (d), if an applicant for or a member of Medicaid establishes an irrevocable trust or escrow under IC 30-2-13, the entire value of the trust or escrow may not be considered as a resource in determining the applicant's or individual's eligibility for Medicaid.

**405 IAC 2-8-2 Undue hardship due to Medicaid estate recovery**

Authority: IC 12-13-5-3; IC 12-15-1-10; IC 12-15-9-6
Affected: IC 12-15-9; IC 12-14-9

Sec. 2. (a) The office may waive the enforcement of the state's claim, in whole or in part, if enforcement of the state's claim will result in substantial and undue hardship for the surviving beneficiaries of the decedent's estate. The state's claim is suspended as long as the undue hardship condition continues to exist. This rule is not applicable to undue hardships encountered by Medicaid applicants due to:

(1) the imposition of transfer of property penalties; or
(2) rules related to the availability of trusts.

(b) For purposes of this section, undue hardship exists only if enforcement of the state's claim would result in one (1) or more of the following conditions:

(1) Causing a beneficiary of the decedent's estate to become eligible for public assistance. As used in this section, "public assistance" means:
   (A) Aid to Families with Dependent Children;
   (B) Medicaid;
   (C) food stamps; or
   (D) Supplemental Security Income.

(2) Causing a beneficiary of the decedent's estate who is currently eligible for public assistance to remain dependent on that public assistance.

(3) The complete loss of an income-producing asset or assets when the:
   (A) beneficiary of the decedent's estate has no other source of income; and
   (B) beneficiary's income does not exceed one hundred percent (100%) of the poverty level as determined annually by the U.S. Department of Health and Human Services.

(4) Other compelling circumstances as determined on a case-by-case basis by the office.

Undue hardship does not exist in circumstances where the state's recovery simply results in a loss of a preexisting standard of living.

(c) To be eligible for consideration for an undue hardship waiver, the beneficiary of the decedent's estate must, with the exception noted in this subsection, be a member of the immediate family of either the deceased member or the deceased member's spouse. For purposes of this section, "immediate family" means a:

(1) spouse;
(2) child;
(3) grandchild;
(4) great-grandchild;
(5) parent;
(6) grandparent;
(7) brother; or
(8) sister.
In exceptional circumstances, if good cause is shown, a person other than an immediate family member may be eligible for consideration for an undue hardship waiver.

(d) The office shall notify the executor or personal representative of the deceased Medicaid member's estate of the state's claim against the estate and the affected beneficiary's right to apply for an undue hardship waiver. Application for an undue hardship waiver shall:

1. be submitted to the office on such forms as may be designated by the secretary;
2. include:
   (A) the name of the deceased member;
   (B) the name of the person filing the application;
   (C) the relationship of the applicant to the deceased;
   (D) an explanation of the basis for requesting an undue hardship waiver;
   (E) documentation of the existence of one (1) or more of the conditions described in subsection (b);
   (F) other information as may be deemed necessary by the secretary; and
   (G) a statement attesting to the accuracy of the information contained in the application;
3. be signed by the applicant; and
4. be filed with the office within ninety (90) calendar days of the date that the executor or personal representative of the deceased's estate receives notification of the state's claim.

(e) The office shall review and rule on an application for a waiver of the state's claim within forty-five (45) calendar days of the receipt of a properly completed waiver application.

(f) If the office determines that an undue hardship does not exist, the office shall:
1. notify the applicant of its decision in writing; and
2. inform the applicant of his or her right to request an administrative hearing and the procedures for filing an appeal.
An appeal and request for hearing must be filed within thirty (30) days of receipt of the office's decision that an undue hardship waiver has been denied.

(g) The office may not grant an undue hardship waiver if the granting of the waiver will result in the payment of claims to other creditors with a lower priority standing in accordance with IC 29-1-14-9.

(h) The office may deny an undue hardship waiver if the granting of the waiver will not result in the abatement of the undue hardship.

Indiana Administrative Code Page 38
(d) A member must report any change in income, resources, employment status, or marital status within ten (10) days of the
date of the change. An additional ten (10) days is allowed to provide any necessary verification.

(e) A disabled individual will be considered for eligibility under this rule if the individual is ineligible for Medicaid under the
disability category for any of the following reasons:
   (1) The individual's income exceeds the applicable standard specified in 405 IAC 2-1.1-5.
   (2) The individual's resources exceed the limit in 20 CFR 416.1205.

405 IAC 2-9-3 Income eligibility and posteligibility determinations of applicant or member

Authority: IC 12-15
Affected: IC 12-15-7-2

Sec. 3. (a) An applicant's or member's income eligibility shall be determined by the following procedures:
(1) Determine the applicant's or member's income in accordance with section 2 of this rule.
(2) Subtract the monthly income standard that is equal to three hundred fifty percent (350%) of the federal poverty guideline for a family size of one (1), divided by twelve (12) and rounded up to the next whole dollar.
(3) If the resulting amount in subdivision (2) is zero dollars ($0) or less than zero dollars ($0), the applicant or member is eligible for Medicaid for employees with disabilities. If the resulting amount is greater than zero dollars ($0), the applicant or member is not eligible.

(b) The income standard referenced in subsection (a)(2) shall be increased annually beginning the second month following the month in which the federal poverty guidelines are published in the Federal Register.

(c) The following procedures are used to determine the amount of income to be paid to an institution for an applicant or member who has been determined eligible under subsection (a) and who is residing in a Title XIX certified health care facility:
(1) Determine the applicant's or member's total income that is not excluded by federal statute. Total income includes amounts deducted in the eligibility determination under subsection (a).
(2) Subtract the minimum personal needs allowance specified in IC 12-15-7-2.
(3) Subtract an amount for increased personal needs as allowed under Indiana's approved Medicaid state plan. The increased personal needs allowance includes, but is not limited to, court ordered guardianship fees paid to an institutionalized applicant's or member's legal guardian, not to exceed thirty-five dollars ($35) per month. Guardianship fees include all services and expenses required to perform the duties of a guardian, as well as any attorney's fees for which the guardian is liable.
(4) Subtract the amount of health insurance premiums.
(5) Subtract an amount for expenses incurred for necessary medical or remedial care recognized by state law but not covered under the state plan, subject to any reasonable limits set forth in Indiana's approved Medicaid state plan.
(6) The resulting amount is the amount by which the Medicaid payment to the facility shall be reduced.

405 IAC 2-9-4 Resource eligibility of applicant or member

Authority: IC 12-15
Affected: IC 12-15-2-6.5; IC 12-15-41-2

Sec. 4. (a) An applicant or member is subject to resource definitions and exclusions as provided in 405 IAC 2-3-14.
(b) The resources of the applicant's or member's parents are excluded.
(c) In addition to that property required to be excluded under subsections (a) and (b), the following property is exempt from consideration:
(1) Up to twenty thousand dollars ($20,000), as approved by the central office of the family and social services administration, for an independence and self-sufficiency account defined in IC 12-15-41-2(3). A resource disregard for this purpose will be approved if the applicant or member submits a plan in writing to the office that describes specifically the goods or services, or both, that he or she intends to purchase that will increase, maintain, or retain his or her employability or independence. The items must be reasonable in terms of the applicant's or member's ability to achieve a stated goal that is focused on the individual's employability by removing barriers. Items for personal recreational use will not be approved. A request to save money without specifying goods or services to be purchased within an achievable period of time will not be approved. An approved account will be reviewed by the local office of family and children caseworker at each annual redetermination. If the terms of the original approved account have not been met, the member will be required to submit an updated request to the caseworker within thirty (30) days of receiving written notification from the caseworker that such an update is required.

If the member fails to submit the update, the disregard will be disapproved and resource eligibility will be redetermined without it. The caseworker will forward updates to the central office for approval. At any time during the period of eligibility under the Medicaid for employees with disabilities program, the member may submit an update requesting an adjustment in the approved amount. Approval will not be given for any services that are available to the member under Medicaid or any other publicly funded program.

(2) Retirement accounts held by the applicant or member or his or her spouse are exempt. This includes Individual Retirement Accounts, Keogh Plans, and 401(k), 403(b), and 457 plans, and any employer-related retirement account. 405 IAC 2-9-5 Employment requirements; continuing eligibility when employment ends

Sec. 5. (a) In order for an individual to be eligible for Medicaid for employees with disabilities, the individual must be engaged in a substantial and reasonable work effort. This means that the person must be either employed or self-employed, with the intent of such work activity being ongoing. The individual's monthly earned income must exceed the sixty-five dollar ($65) earned income disregard described in section 2 of this rule. Employment must be verifiable by pay stubs or other verification from an employer documenting that the income is subject to income tax and FICA withholding. Self-employment must be verified by the individual's income tax return or, in the case of a new business for which a tax return has not yet been filed, the personal business records of the individual.

(b) In order for a member of Medicaid for employees with disabilities to remain eligible when the definition of medically improved disability in section 7 of this rule is met, the member must be employed as defined in subsection (a) and must have monthly earnings as calculated under 405 IAC 2-5-1 that are equal to or greater than the federal minimum wage times forty (40), unless the provisions in subsection (c) are met.

(c) A member who is involuntarily not working can remain eligible for the Medicaid for employees with disabilities program for up to twelve (12) months if he or she meets all other program requirements and either:

(1) is on temporary medical leave from his or her employment as defined in subsection (d); or

(2) maintains a connection to the workforce by participating in at least one (1) of the following activities:

(A) Enrollment in a vocational rehabilitation program.

(B) Enrollment or registration with the department of workforce development.

(C) Participation in a transition from school to work program.

(D) Participation with an approved provider of employment services.

(d) As used in this section, "temporary medical leave" means a leave from the place of employment due to health reasons when the employer is keeping a position open for the individual to return. If the employer is no longer holding a position open, the member must maintain a connection to the workforce as defined in subsection (c)(2) in order for coverage to continue under Medicaid for employees with disabilities.

(e) In order to remain eligible upon becoming unemployed, the member or his or her authorized representative must submit a written request for continued coverage to the local office of family and children no later than sixty (60) days after termination of employment. Attached to this written request must be verification that the member meets the requirements in subsection (c). On a quarterly basis thereafter, as long as the member continues to be unemployed and wishes coverage to continue, verification of his or her medical leave or workforce connection status must be provided to the local office of family and children. The quarterly verification must consist of a statement from the agency or service provider that documents the member's continued participation in an activity that constitutes connection to the workforce, or from the member's employer stating he or she remains on a temporary involuntary medical leave.

(f) A member who voluntarily terminates his or her employment for any reason is not eligible for Medicaid for employees with disabilities. Eligibility for the other Medicaid categories will be pursued.

(g) A member who fails to submit the initial request for coverage continuation within the required sixty (60) day period or who
fails to submit the quarterly verification report is no longer eligible for Medicaid for employees with disabilities. Eligibility for other Medicaid categories will be pursued. Authority: IC 12-15
Affected: IC 12-14-15-1; IC 12-15-2-6.5; IC 12-15-41

Sec. 7. (a) In order to qualify for the Medicaid for employees with disabilities program after improvement of a medical condition, a member must meet the requirements in this section.

(b) The person must be a member of Medicaid under the Medicaid for employees with disabilities group described in section 6 of this rule who no longer qualifies for coverage under that category due to a medical improvement in his or her condition. The improvement of the condition must be verifiable by acceptable clinical standards; however, the disease, illness, or process must be of a type that, due to the nature and course of the illness, will continue to be a disabling impairment. A condition that has been resolved or a person who is completely recovered does not medically qualify for this program.

(c) The determination of whether a member meets the medical eligibility requirements for this category will be made either:

(1) when the Social Security Administration determines the member is no longer disabled according to 20 CFR 416.905 or 20 CFR 416.906; or

(2) at the time of the member's next medical review as determined by the Medicaid medical review team (MMRT).

Determination of medical eligibility under this section is made by the MMRT. Sec. 8. (a) To be eligible for Medicaid for employees with disabilities, an individual must pay monthly premiums in accordance with the requirements specified in this section, unless the gross income of the individual and the individual's spouse is less than one hundred fifty percent (150%) of the federal poverty level. The amount of the premium is based on the gross income of the member and the member's spouse as a percentage of the federal poverty level for the applicable family size as determined in subsection (b) or (c). The amount of the premium will be adjusted by the premium amount of other creditable private health insurance as defined in 42 U.S.C. §300gg-91 that covers the applicant or member and is paid by the applicant or member or his or her spouse or parent. The amount of the premium is calculated as described in the following Table:

(b) The individual premium amount is used when the individual, regardless of age, is not married or not living with his or her spouse. When the individual premium amount is used, only the individual's income is considered in calculating the premium, and the income is compared to the federal poverty level for a family size of one (1).

(c) The married couple premium amount is used when the individual is legally married and living with his or her spouse. When the couple premium amount is used, the income of both spouses is considered in calculating the premium, and the income is compared to the federal poverty level for a family size of two (2).

(d) When an applicant is determined eligible, the applicant will be conditionally approved pending payment of the premium. The first month for which a premium is required is the month following the month in which an applicant is approved as conditional. After the premium is received, coverage will be retroactive to the first day of the third month prior to the month of application if all eligibility requirements were met in the prior months.

(e) The individual must pay the first premium in order to receive coverage. If payment is not received by the due date specified in the second premium notice, the Medicaid application will be denied. A payment of less than the full amount due will be considered nonpayment.

(f) If any premium after the first premium is not paid by the due date, coverage will continue for a maximum of sixty (60) days before being discontinued. When an individual or couple have been discontinued from the program due to nonpayment of premiums, an application must be filed in order to be considered for eligibility. To be reenrolled based on an application filed after such a discontinuance, the individual must pay all past due premiums in addition to premiums owed for the current application. Past due premiums remain the obligation of the individual as a condition of eligibility for two (2) years after the date of discontinuance.

(g) When both spouses are members of Medicaid for employees with disabilities, the enrollment and continued eligibility of the couple is based on the payment of the married couple premium amount. Failure to pay the required premium amount in accordance with this section will result in the discontinuance of Medicaid coverage for both spouses.

(h) When a member reports a change in income or marital status as required by section 1(d) of this rule, and the change results in a lower premium, the new premium amount will be effective the first month following the date in which verification of the change is received.

(i) When a member who is eligible for Medicaid in the blind or disabled categories obtains employment, the change must be reported within ten (10) days as required by 470 IAC 2.1-1-2. An additional ten (10) days is allowed to provide verification of the employment. If the member is eligible for Medicaid for employees with disabilities, eligibility begins the first month following the date on which verification is received, subject to the timely notice requirements in 42 CFR 431.211. (2) The office fails to file an action to foreclose the lien in the county where the property is located not later than thirty (30) days after receiving the notice. However, this section does not prevent the claim from being collected as other claims are collected by law.
(c) A person who gives notice under subsection (b)(1) by registered or certified mail to the office at the address given in the recorded statement and notice of intention to hold a lien may file an affidavit of service of the notice to file an action to foreclose the lien with the recorder of the county in which the property is located. The affidavit must state the following:
(1) The facts of the notice.
(2) That more than thirty (30) days have passed since the notice was received by the office.
(3) That no action for foreclosure of the lien is pending.

(d) The recorder shall:
(1) record the affidavit of service in the miscellaneous record book of the recorder's office; and
