 - (2) other special factors or circumstances documented in the child's case file, including placement with a relative, as defined in [IC 31-9-2-107](#)(c)(2) through [IC 31-9-2-107](#)(c)(12).
 - (d) Each adoptive parent, and every member of the adoptive parent's household who is at least fourteen (14) years of age, must successfully complete a criminal history check (as defined in [IC 31-9-2-22.5](#)), and a check of any and all applicable sex or violent offender registries (as described in [IC 11-8-8](#)), in the time and manner as specified by the department.

- (e) Adoption assistance is not available if the criminal history check reveals that an adoptive parent or household member:
- (1) has ever been convicted of a felony as enumerated in 42 U.S.C. 671(a)(20)(A) involving:
 - (A) child abuse or neglect;
 - (B) spousal abuse (domestic battery);
 - (C) a crime against a child (including child pornography); or
 - (D) a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery;

 - (A) physical assault or battery against an adult; or
 - (B) a drug related or alcohol related offense;

 - (A) Any felony conviction.
 - (B) Four (4) or more misdemeanor convictions.

(f) An adoptive parent may request a waiver of any record based on the results of a criminal history check conducted under [IC 31-9-2-22.5](#), applicable to the adoptive parent or any household member, that is described in subsection (e)(6). A waiver may be requested, considered, and granted or denied, under the procedure and criteria specified in the applicable department policy relating to evaluating background checks for adoptions. If a waiver request is granted, the department will not deny adoption assistance eligibility based solely on the existence of a record described in subsection (e)(6). INDIANA ADOPTION ASSISTANCE AND GUARDIANSHIP ASSISTANCE PROGRAMS

(b) A completed Indiana adoption program application must be submitted to the adoptive child's family case manager, or directly to the department if the child does not have a family case manager, no later than ten (10) days after a petition for adoption is filed. If the application is incomplete, or the department needs additional information for purposes of determining eligibility, the department may request the additional information and set a time deadline for its submission.

(c) Not later than forty-five (45) days after receipt of a complete application, the department will review the application, determine eligibility, and issue a final adoption program eligibility determination.

(d) If the application is approved, a department attorney will represent the department to negotiate the adoption assistance periodic payment amount with the adoptive parent and adoptive parent's attorney, if applicable, in accordance with guidelines and procedures established by department policy.

(e) If the department determines that negotiations concerning the adoption assistance periodic payment amount have been concluded without agreement between the adoptive parent and the department, the department will send to the adoptive parent, or the adoptive parent's attorney, a final offer letter stating the amount that the department will agree to pay for periodic payments.

(f) Upon receipt of the department's final offer letter, the adoptive parent may do the following:

(1) Sign and return to the department the adoption assistance agreement, or amendment to a previously signed agreement containing the periodic payment amount, specifying the amount the department has agreed to pay, subject to the right of administrative review and appeal of the periodic payment amount as provided in 465 IAC 3-2-5 and 465 IAC 3-3-3.

(2) Submit a request for administrative review of the periodic payment amount, within the time and in the manner provided in 465 IAC 3-2-5.

(g) Upon receipt of:

(1) a signed adoption assistance agreement or amendment under subsection (f)(1);

(2) a timely request for administrative review under subsection (f)(2); and

(3) a final decree of adoption of the adoptive child, entered after the date of signature of the original adoption assistance agreement;

the department will commence payment of the periodic payment amount stated in the signed agreement or amendment, as provided in section 24 of this rule.

(h) If the amount of the periodic payment determined under subsection (g) is changed, based on the result of an administrative review or hearing conducted under the applicable provisions of 465 IAC 3, the department will pay the revised periodic payment amount, retroactive to the payment commencement date as determined under section 24 of this rule. The revised payment amount should be documented by an appropriate amendment of the adoption assistance agreement. Sec. 29. (a) The department may suspend payments under a state adoption subsidy agreement, if:

- (1) the department has not received the required status report under section 27 of this rule within ten (10) days after the due date, as specified in the agreement or in a notice requesting the report; or
- (2) the status report as submitted to the department does not substantially comply with the information required in the department's report form and applicable instructions;

until the required adoption program status report has been submitted, reviewed, and approved by the department.

(b) The department may suspend payments under a state adoption subsidy agreement if:

- (1) the adoptive child has become a ward; and
- (2) the department is paying foster care maintenance payments for out-of-home care and supervision of the child.

(c) Subject to subsections (d) and (e), the department may suspend payments under an adoption assistance agreement on the ground that the adoptive parent is no longer providing financial support to the child. The department may reinstate payments suspended under this subsection, with any modifications to the agreement that may be appropriate under the circumstances and agreed to between the department and the adoptive parent, if at any time the adoptive parent resumes regular financial support of the child.

(d) The department will not automatically suspend payments as provided in subsection (c), solely because the adoptive child is temporarily residing in a home or facility other than the home of the adoptive parent, and is being supported in that out-of-home placement by a person or agency other than the adoptive parent. Before suspending payments under subsection (c), the department must determine by a preponderance of evidence, based on the particular facts and circumstances, that the adoptive parent is not providing financial support, as determined by the department, for the child while the child is residing in another home or facility.

(e) No periodic payments will be made for the period of time that payments are suspended under this section.

(f) If the adoptive child is the subject of a pending child in need of services case under [IC 31-34](#), or a pending delinquency case under [IC 31-37](#), the department may request the adoptive parent to agree to a modification of the periodic payment amount provided in the adoption assistance agreement. If the adoptive parent and department fail to agree to such a modification, the department shall request the court having jurisdiction over the case to determine the obligation of the adoptive parent to provide financial support for the child while the child is residing in an out-of-home placement approved or ordered by the court, as provided in [IC 31-40-1-5](#). The department may offset the amount payable under a support order against the amount of the periodic payment otherwise payable to the adoptive parent under the adoption assistance agreement.

(g) If the adoptive child is residing outside of the home of the adoptive parent, and subsection (f) does not apply, the department may request the adoptive parent to agree to a modification of the periodic payment amount. If the adoptive parent and the department fail to agree to a modification requested under this subsection, the department may administratively suspend the parent's periodic payment amount, in whole or part.

(h) The department shall suspend payments under an adoption assistance agreement, on the ground that the child no longer meets the requirements specified in section 32(c) or 32(e) of this rule. The department may reinstate payments suspended under this subsection, with any modifications to the agreement that may be appropriate under the circumstances and agreed to between the department and the parent, if the child subsequently meets any applicable requirements under section 32(c) or 32(e) of this rule. - (1) The adoptive child becomes emancipated.
- (2) The adoptive child commences active duty in the United States armed services or the national guard, as specified in [IC 5-9-4-1\(a\)\(2\)](#).
- (3) The adoptive parent is no longer legally responsible for the care, supervision, or support of the adoptive child.
- (4) The adoptive child dies.
- (5) Each adoptive parent of the child has died.

(6) The adoptive child's adoption is terminated.

(7) The parent-child relationship between the adoptive child and each adoptive parent is terminated under [IC 31-35](#), or comparable law in another state.

(c) For terminations pursuant to subsection (a), the department will provide notice of termination of an adoption assistance agreement to the adoptive parent at least ninety (90) days before the effective date of the action. The notice will include information and instructions concerning continuation eligibility and procedures under section 32 of this rule.

(d) For terminations pursuant to subsection (b), the department will provide notice of termination of an adoption assistance agreement to the adoptive parent within ten (10) days after receipt of notice of the occurrence. (b) A request for modification may not be submitted more frequently than once in a twelve (12) month period.

(c) In considering a request for modification under this section, the department may request from the adoptive parent, or any other source, additional information that may be relevant to consideration of the modification request. The department will advise the adoptive parent of its decision concerning the modification request within sixty (60) calendar days of receiving the requested information.

(d) Any modified periodic payment amount requested and approved under this section cannot exceed the foster care maintenance payment rate that the child would have received if the child were in foster care.

(b) The department may continue adoption assistance under an adoption assistance agreement for an adoptive child who has attained eighteen (18) years of age, if the department determines, based on applicable department policy and guidelines, that the child has a mental or physical disability that warrants the continuation of assistance. The application for continuation under this subsection must include documentation from a medical doctor, psychiatrist, or psychologist licensed in the state of Indiana or in the state of residence of the adoptive child indicating a mental or physical disability that is expected to require continuous or long term treatment and limits the child's ability to be self-supporting.

(b) A completed Indiana guardianship assistance program application must be submitted to the subject child's family case manager or directly to the department if the child does not have a currently assigned family case manager, before or within ten (10) days after a petition to establish a legal guardianship for the child is filed. The revised payment amount should be documented by an appropriate amendment of the guardianship assistance agreement. Sec. 30. (a) The department may suspend payments under a state guardianship assistance agreement, if:

(1) the department has not received the required status report under section 28 of this rule within ten (10) days after the due date, as specified in the agreement or in a notice requesting the report; or

(2) the status report as submitted to the department does not substantially comply with the information required in the department's report form and applicable instructions;

until the required guardianship program status report has been submitted, reviewed, and approved by the department.

(b) The department may suspend payments under a state guardianship assistance agreement if:

(1) the child has become a ward; and

(2) the department is paying foster care maintenance payments for out-of-home care and supervision of the child.

(c) Subject to subsections (d) and (e), the department shall suspend payments under a guardianship assistance agreement on the ground that the guardian is no longer providing financial support to the child. The department may reinstate payments suspended under this subsection, with any modifications to the agreement that may be appropriate under the circumstances and agreed to between the department and the guardian, if at any time the guardian resumes regular financial support of the child.

(d) The department will not automatically suspend payments as provided in subsection (c), solely because the child is temporarily residing in a home or facility other than the home of the guardian, and is being supported in that out-of-home placement by a person or agency other than the guardian. Before suspending payments under subsection (c), the department must determine by a preponderance of evidence, based on the particular facts and circumstances, that the guardian is not providing financial support, as determined by the department, for the child while the child is residing in another home or facility.

(e) No periodic payments will be made for the period of time that payments are suspended under this section.

(f) If the child is the subject of a pending child in need of services case under [IC 31-34](#), or a pending delinquency case under [IC 31-37](#), the department may request the guardian to agree to a modification of the periodic payment amount provided in the guardianship assistance agreement. If the guardian and department fail to agree to such a modification, the department shall request the court having jurisdiction over the case to determine the obligation of the guardian to provide financial support for the child while the child is residing in an out-of-home placement approved or ordered by the court, as provided in [IC 31-40-1-5](#). The department may offset the amount payable under a support order against the amount of the periodic payment otherwise payable to the guardian under the guardianship assistance agreement.

(g) If the child is residing outside of the home of the guardian, and subsection (f) does not apply, the department may request the guardian to agree to a modification of the periodic payment amount. If the guardian, the child's residential custodian, and the department fail to agree to a modification requested under this subsection, the department may administratively suspend the guardian's periodic payment amount, in whole or part.

(h) The department shall suspend payments under a guardianship assistance agreement, on the ground that the child no longer meets the requirements specified in section 33(b) of this rule. The department may reinstate payments suspended under this subsection, with any modifications to the agreement that may be appropriate under the circumstances and agreed to between the department and the guardian, if the child subsequently meets any applicable requirements under section 33(b) of this rule.
