Sec. 1. (a) The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state after December 31, 1991, and prior to June 1, 2010. No policy or certificate may be:

(1) advertised;

(2) solicited;

(3) delivered; or

(4) issued for delivery;

in this state as a Medicare supplement policy or certificate unless the policy or certificate complies with the benefit standards in this section.

(b) The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this article:

(1) A Medicare supplement policy or certificate:

(A) shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition;

(B) may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage; and

(C) shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(2) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under

Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

(3) No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(4) Each Medicare supplement policy shall be guaranteed renewable and shall meet the following requirements:

(A) The issuer shall not cancel or nonrenew the policy:

- (i) solely on the ground of health status of the individual; or
- (ii) for any reason other than nonpayment of premium or material misrepresentation.

(B) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under clause (D), the issuer shall offer certificate holders an individual Medicare supplement policy that, at the option of the certificate holder, provides for:

- (i) continuation of the benefits contained in the group policy; or
- (ii) such benefits as otherwise meet the requirements of this subsection.

(C) If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall offer the certificate holder:

- (i) the conversion opportunity described in clause (B); or
- (ii) at the option of the group policyholder, continuation of coverage under the group policy.

(D) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(E) If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug Improvement and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this subsection.

(5) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to:

- (A) the duration of the policy benefit period, if any; or
- (B) payment of the maximum benefits.

Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(6) Each Medicare supplement policy shall do the following:

(A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to the assistance.

(B) If the suspension occurs and if the policyholder or certificate holder loses entitlement to the medical assistance, the policy or certificate shall be automatically reinstated effective as of the date of termination of the entitlement if the policyholder or certificate holder:

- (i) provides notice of loss of the entitlement within ninety (90) days after the date of the loss; and
- (ii) pays the premium attributable to the period.

(C) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended for any period that may be provided by federal regulation at the request of the policyholder if the policyholder:

- (i) is entitled to benefits under Section 226(b) of the Social Security Act; and
- (ii) is covered under a group health plan as defined in Section 1862(b)(1)(A)(v) of the Social Security Act.

If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated, effective as of the date of loss of coverage, if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

(D) Reinstatement of the coverages shall do all of the following:

- (i) Not provide for any waiting period with respect to treatment of preexisting conditions.

---

MEDICARE SUPPLEMENT INSURANCE MINIMUM STANDARDS

---

(ii) Provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of the suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension.

(iii) Provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(c) Every issuer shall make available a policy or certificate including only the following basic core package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu thereof. The standards for basic core benefits common to all benefit plans are as follows:

(1) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period.

(2) Coverage of Part A Medicare eligible expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used.

(3) Upon exhaustion of the Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of one hundred percent (100%) of the Medicare Part A eligible expenses for hospitalization paid at the applicable prospective payment system (PPS) rate, or other appropriate standard of payment, subject to a lifetime maximum benefit of an additional three hundred sixty-five (365) days. The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance.

(4) Coverage under Medicare Parts A and B for the reasonable cost of:

(A) the first three (3) pints of blood; or

(B) equivalent quantities of packed red blood cells, as defined under federal regulations;

unless replaced in accordance with federal regulations.

(5) Coverage for the coinsurance amount of Medicare eligible expenses under Part B, regardless of hospital confinement, subject to the Medicare Part B deductible.

(d) The additional benefits shall be included in Medicare supplement benefit Plans B through J only as provided by 760 IAC

3-7. The standards for additional benefits are as follows:

(1) Medicare Part A deductible, coverage for all of the Medicare Part A inpatient hospital deductible amount per benefit period.

(2) Skilled nursing facility care, coverage for the actual billed charges up to the coinsurance amount from the twenty-first day through the one hundredth day in a Medicare benefit period for posthospital skilled nursing facility care eligible under Medicare Part A.

(4) Eighty percent (80%) of the Medicare Part B excess charges, coverage for eighty percent (80%) of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by the Medicare program or state law and the Medicare approved Part B charge.

(5) One hundred percent (100%) of the Medicare Part B excess charges, coverage for all of the difference between the actual Medicare Part B charge as billed, not to exceed any charge limitation established by the Medicare program or state law and the Medicare approved Part B charge.

(6) Basic outpatient prescription drug benefit, coverage for fifty percent (50%) of outpatient prescription drug charges, after a two hundred fifty dollar (\$250) calendar year deductible, to a maximum of one thousand two hundred fifty dollars (\$1,250) in benefits received by the insured per calendar year, to the extent not covered by Medicare. The outpatient prescription drug benefit may be included for sale or issuance in a Medicare supplement policy until January 1, 2006.

(7) Extended outpatient prescription drug benefit, coverage for fifty percent (50%) of outpatient prescription drug charges, after a two hundred fifty dollar (\$250) calendar year deductible to a maximum of three thousand dollars (\$3,000) in benefits received by the insured per calendar year, to the extent not covered by Medicare. (A) would have been covered by Medicare if provided in the United States; and

(B) began during the first sixty (60) consecutive days of each trip outside the United States;

Authority: [IC 27-8-13](#)

Affected: [IC 27-8-13-1](#)

Sec. 1. (a) The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date of coverage on or after June 1, 2010. No policy or certificate may be:

- (1) advertised;
- (2) solicited;
- (3) delivered; or
- (4) issued for delivery;

in this state as a Medicare supplement policy or certificate unless the policy or certificate complies with the benefit standards in this section. Benefit plan standards applicable to Medicare supplement policies and certificates with an effective date of coverage before June 1, 2010, remain subject to the requirements of 760 IAC 3-6-1.

(b) The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this article:

(1) A Medicare supplement policy or certificate:

- (A) shall not exclude or limit benefits for losses incurred more than six (6) months from the effective date of coverage because it involved a preexisting condition;
- (B) may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six (6) months before the effective date of coverage; and
- (C) shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(2) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with such changes.

(3) No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(4) Each Medicare supplement policy shall be guaranteed renewable and shall meet the following requirements:

(A) The issuer shall not cancel or nonrenew the policy:

- (i) solely on the ground of health status of the individual; or
- (ii) for any reason other than nonpayment of premium or material misrepresentation.

(B) If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under clause (D), the issuer shall offer certificate holders an individual Medicare supplement policy that, at the option of the certificate holder, provides for:

- (i) continuation of the benefits contained in the group policy; or
- (ii) such benefits as otherwise meet the requirements of this subsection.

(C) If an individual is a certificate holder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall offer the certificate holder:

- (i) the conversion opportunity described in clause (B); or
- (ii) at the option of the group policyholder, continuation of coverage under the group policy.

(D) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

MEDICARE SUPPLEMENT INSURANCE MINIMUM STANDARDS

---

(5) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to:

- (A) the duration of the policy benefit period, if any; or
- (B) payment of the maximum benefits.

Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

(6) Each Medicare supplement policy shall do the following:

(A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period (not to exceed twenty-four (24) months) in which the policyholder or certificate holder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within ninety (90) days after the date the individual becomes entitled to the assistance.

(B) If the suspension occurs and if the policyholder or certificate holder loses entitlement to the medical assistance, the policy or certificate shall be automatically reinstated effective as of the date of termination of the entitlement if the policyholder or certificate holder:

- (i) provides notice of loss of the entitlement within ninety (90) days after the date of the loss; and
- (ii) pays the premium attributable to the period.

(C) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended for any period that may be provided by federal regulation at the request of the policyholder if the policyholder:

- (i) is entitled to benefits under Section 226(b) of the Social Security Act; and
- (ii) is covered under a group health plan as defined in Section 1862(b)(1)(A)(v) of the Social Security Act.

If suspension occurs and if the policyholder or certificate holder loses coverage under the group health plan, the policy shall be automatically reinstated, effective as of the date of loss of coverage, if the policyholder provides notice of loss of coverage within ninety (90) days after the date of the loss.

(D) Reinstatement of the coverages shall do all of the following:

- (i) Not provide for any waiting period with respect to treatment of preexisting conditions.
- (ii) Provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of the suspension.
- (iii) Provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(c) Every issuer shall make available a policy or certificate including only the following basic core package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu thereof. The standards for basic core benefits common to all benefit plans are as follows:

(1) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period.

(2) Coverage of Part A Medicare eligible expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used.

(3) Upon exhaustion of the Medicare hospital inpatient coverage, including the lifetime reserve days, coverage of one hundred percent (100%) of the Medicare Part A eligible expenses for hospitalization paid at the applicable prospective payment system (PPS) rate, or other appropriate standard of payment, subject to a lifetime maximum benefit of an additional three hundred sixty-five (365) days. The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance.

(4) Coverage under Medicare Parts A and B for the reasonable cost of:

- (A) the first three (3) pints of blood; or
- (B) equivalent quantities of packed red blood cells, as defined under federal regulations;

unless replaced in accordance with federal regulations.

Sec. 1. (a) No issuer shall:

(1) deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state; or

(2) discriminate in the pricing of the policy or certificate;

because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted before or during the six (6) month period beginning with the first day of the first month in which an individual is both at least sixty-five (65) years of age and enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an insurer shall be made available to all applicants who qualify under this subsection without regard to age.

(b) If an applicant:

(d) Except as provided in this section, section 2 of this rule, and 760 IAC 3-19-1, subsection (a) shall not be construed as preventing the exclusion of benefits under a policy, during the first six (6) months, based on a preexisting condition for which the policyholder or certificate holder received treatment or was otherwise diagnosed during the six (6) months before the coverage became effective. [760 IAC 3-11-1](#)

Loss ratio standards and refund or credit of premium

### **760 IAC 3-11-1 Loss ratio standards and refund or credit of premium**

Authority: [IC 27-8-13-10](#); [IC 27-8-13-12](#)

Affected: [IC 27-8-13-1](#)

Sec. 1. (a) Loss ratio standards are as follows:

(1) A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form at least either of the following:

- (A) Seventy-five percent (75%) of the aggregate amount of premiums earned in the case of group policies.
- (B) Sixty-five percent (65%) of the aggregate amount of premiums earned in the case of individual policies, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health

maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include the following:

- (i) Home office and overhead costs.
- (ii) Advertising costs.
- (iii) Commissions and other acquisition costs.
- (iv) Taxes.
- (v) Capital costs.
- (vi) Administrative costs.
- (vii) Claims processing costs.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For policies issued any time before January 1, 1992, expected claims in relation to premiums shall meet the following:

(A) The originally filed anticipated loss ratio when combined with the actual experience since inception.

(B) The appropriate loss ratio requirements from subdivision (1):

- (i) when combined with actual experience beginning with April 1, 1996, to date; and
- (ii) over the entire future period for which the rates are computed to provide coverage.

(C) In meeting the tests in clauses (A) and (B) and for purposes of attaining credibility, an issuer may combine experience under policy forms that provide substantially similar coverage. Once a combined form is adopted, the issuer may not separate the experience except with the approval of the commissioner.

(b) Refund or credit calculation is as follows:

(1) An issuer shall collect and file with the commissioner of the department of insurance by May 31 of each year the data contained in the applicable reporting form contained in this section for each type in a standard Medicare supplement benefit plan.

(2) If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For purposes of this section, the issuer of policies or certificates issued before January 1, 1992, shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after April 1, 1996. The first report shall be due by May 31, 1998.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates issued before or after the effective date of this article in this state shall file annually its rates, rating schedule, and supporting documentation, including ratios of incurred losses to earned premiums by policy duration for approval by the commissioner of the department of insurance in accordance with the filing requirements and procedures prescribed by the commissioner of the department of insurance. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio, which is greater than or equal to the applicable percentage, shall be demonstrated for policies or certificates in force less than three (3) years.

(d) As soon as practicable, but before the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner of the department of insurance, in accordance with the applicable filing procedures of this state, the following:

MEDICARE SUPPLEMENT INSURANCE MINIMUM STANDARDS

---

- (1) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. Supporting documents as necessary to justify the adjustment shall accompany the filing.
- (2) An issuer shall make premium adjustments as are:
  - (A) necessary to produce an expected loss ratio under the policy or certificate as will conform with minimum loss ratio standards for Medicare supplement policies; and
  - (B) expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates.

No premium adjustment, which would modify the loss ratio experience under the policy other than the adjustments described in this subdivision, shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

- (3) If an issuer fails to make premium adjustments acceptable to the commissioner of the department of insurance, the commissioner of the department of insurance may order:
  - (A) premium adjustments;
  - (B) refunds; or
  - (C) premium credits;

deemed necessary to achieve the loss ratio required by this section.

- (4) Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(e) The commissioner of the department of insurance may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of this article if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner of the department of insurance.

(d) Except as provided in subsection (e), an issuer shall not file for approval more than one (1) form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

(e) An issuer may offer, with the approval of the commissioner of the department of insurance, up to four (4) additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one (1) for each of the following cases:

- (1) The inclusion of new or innovative benefits.
- (2) The addition of either:
  - (A) direct response or agent marketing methods; or
  - (B) guaranteed issue or underwritten coverage.

(g) Except as provided in subdivision (1), an issuer shall continue to make available for purchase any policy form or certificate form issued after the effective date of this article that has been approved by the commissioner of the department of insurance. A policy form or certificate form shall not be considered to be available for purchase unless the issuer has actively offered it for sale in the previous twelve (12) months and as follows:

(2) does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner of the department of insurance may approve a change to the differential that is in the public interest.

(j) Except as provided in subsection (k), the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in 760 IAC 3-11.

Application forms and replacement coverage

**760 IAC 3-15-1 Application forms and replacement coverage**

Authority: [IC 27-8-13-10](#); [IC 27-8-13-16](#)

Affected: [IC 27-8-13-1](#)

Sec. 1. (a) Application forms shall include statements and questions as established in this subsection designed to elicit information as to whether, as of the date of the application, the applicant currently has another Medicare supplement, Medicare Advantage, or Medicaid coverage or another health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing questions and statements may be used, such as the following:

(1) The following statements:

(A) You do not need more than one (1) Medicare supplement policy.

(B) If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(C) You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

(D) If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for twenty-four (24) months. You must request this suspension within ninety (90) days of becoming eligible for Medicaid. If you are

no longer entitled to Medicaid, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within ninety (90) days of losing Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(E) If you are eligible for and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within ninety (90) days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage but will otherwise be substantially equivalent to your coverage before the date of the suspension.

(F) Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

(2) If you lost or are losing other health insurance coverage and received a notice from your prior insurer saying you were eligible for guaranteed issue of a Medicare supplement insurance policy, or that you had certain rights to buy such a policy, you may be guaranteed acceptance in one (1) or more of our Medicare supplement plans. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy the notice regarding replacement of Medicare supplement coverage.

(e) The notice required by subsection (d) for an issuer shall be provided in substantially the following form in not smaller than 12-point type:

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE OR MEDICARE ADVANTAGE [Insurance company's name and address] SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement coverage or, if applicable, Medicare Advantage because you intend to terminate your existing Medicare supplemental coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reasons (check one):

- Additional benefits.
No change in benefits, but lower premiums.
Fewer benefits and lower premiums.
My plan has outpatient prescription drug coverage and I am enrolling in Part D.
Disenrollment from a Medicare Advantage plan. Please explain the reason for disenrollment [optional only for Direct Mailers]
Other (please specify).

(1) State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) to the extent such time was spent (depleted) under the original policy.

(2) If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. (If the policy or certificate is guaranteed issue, this paragraph need not appear.)

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.
