Rule 1. Indiana Bred Quarter Horse Breed Development Program

71 IAC 14.5-1-1 Indiana bred quarter horse

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 1. Indiana bred quarter horse means any duly registered quarter horse foaled in Indiana whose dam was registered with the commission and entered Indiana by December 1 of the year prior to foaling. The mare (dam) must remain in Indiana continuously until foaling. The resulting foal will then be eligible to be registered as an Indiana bred. In the event a mare entered Indiana and was registered with the commission after December 1 of the year prior to foaling, the foal (which must be foaled in Indiana) will be eligible to be registered as an Indiana bred only if said mare was bred back to a registered Indiana stallion in the year of foaling or mare may have been bred utilizing cooled semen from a stallion standing outside of Indiana, providing artificial insemination is performed in Indiana and proper documentation, as required was provided to the commission after foaling in Indiana. An Indiana bred quarter horse foaled prior to the year 2002 will require that the breeder must be a resident of Indiana as noted on the American Quarter Horse Association registration certificate. These horses must be registered with the commission by September 1, 2002, or will not be eligible for the Indiana bred program. The horse must be registered with the commission prior to being entered in an Indiana bred conditioned race. 71 IAC 14.5-2-1 Mare registration

Authority: IC 4-31-3-9

Affected: IC 4-31

Sec. 1. In order to be eligible to register a quarter horse foal as Indiana bred, such foal must be foaled in Indiana and its dam must be registered with the commission. The mare must be registered and have entered Indiana by December 1, and must remain in Indiana continuously until foaling. In the event a mare entered Indiana and is registered with the commission after December 1, the foal (which must be foaled in Indiana) will be eligible to be registered as an Indiana bred only if said mare is bred back to a registered Indiana stallion in the year of foaling or mare may have been bred utilizing cooled semen from a stallion standing outside of Indiana, providing artificial insemination is performed in Indiana and proper documentation as required was provided to the commission. If the mare fails to conceive when bred or is unfit to breed due to health reasons, a veterinarian certificate is required, then and only then will the foal be considered to become eligible to be registered as an Indiana bred foal. A stallion standing in Indiana must be registered with the commission in the year the foal is conceived. Quarter horse and thoroughbred mares must be reregistered every year. A copy of lease agreements must accompany the application. (*Indiana Horse Racing Commission; 71 IAC*
