PUBLIC EMPLOYEES' RETIREMENT FUND

---

Sec. 4. (a) General rule – Except as otherwise specifically required by law, for all service credit calculations performed on or after January 1, 2007, service credit shall be granted in quarterly increments, with a member entitled to one (1) quarter of creditable service for each calendar quarter in which the member is employed at least one (1) full day in a full-time, PERF-covered position, and for which employer contributions have been made. Notwithstanding any provision to the contrary, service credit shall not be granted for any period of employment if such grant of service credit would result in a member receiving more than one (1) month of service credit for the same calendar month.

(b) First and last quarter of PERF-covered employment – Notwithstanding the general rule under subsection (a) immediately above, for those quarters in which a member commenced or completed employment in a PERF-covered position, service shall be granted in monthly increments, with a member entitled to one (1) month of creditable service for each month in which he was employed at least one (1) full day in a full-time, PERF-covered position, and for which employer contributions have been made.

(c) Employer contributions required to fund a member's covered service must be received by PERF prior to full service credit being granted for that member.

(d) This rule applies only to members earning service credit through their employment in PERF-covered positions, and does not apply to members of the other retirement funds administered by PERF. Such funds shall continue to perform service credit calculations in the manner such calculations were performed as of December 1, 2006, unless subsequently amended by law. (*Board of Trustees of the Public Employees' Retirement Fund; 35 IAC 1.2-3-4; filed Dec 20, 1988, 1:00 p.m.: 12 IR 1079; readopted filed Oct 31, 2001, 2:18 p.m.: 25 IR 897; adopted Oct 20, 2006: 20061101-IR-035060500ONA; adopted Nov 9, 2007: 20071205-IR-035070818ONA*)

Authority: IC 5-10.3-3-8; IC 5-10.3-7-8

Sec. 5. (a) As used in this section, "FMLA" refers to the Family and Medical Leave Act (29 U.S.C. 2601 et seq.) and all applicable regulations and amendments.

(b) A member shall receive service credit for the period of time during which the member is granted a leave of absence under IC 5-10.3-7-6 and for which applicable employer contributions have been made as follows:

(1) Except as otherwise required by the FMLA, the credit shall be allowed if a copy of the grant of the leave of absence is filed with PERF within ninety (90) days from the date the leave was authorized by the employer. No leave granted retroactively by the employer will be considered as creditable service. Furthermore, except as otherwise required by the FMLA or other federal or state laws that specifically require the granting of service credit for authorized unpaid leaves of absence, service credit shall not be granted for any unpaid leaves of absence taken on or after January 1, 2007, if employer contributions are not made for such periods of leave.

(2) A leave of absence will be treated as creditable service only if the member returns to employment for a period of not less than six (6) consecutive months; however, if the member shows to the satisfaction of the fund that there was a bona fide intent to return to employment and comply with this rule and the member was capable of performing such employment, but was prevented from working the full six (6) month period due to illness, injury, or death which occurred subsequent to the date of return to employment, then this six (6) month requirement shall be waived.

(c) This section and IC 5-10.3-7-6 shall be administered in a manner consistent with the FMLA.

(d) If the member is compensated while on an FMLA-covered leave, the statutory contributions must be maintained. A member may make contributions as provided in IC 5-10.3-7-6(b) during an unpaid FMLA leave, although such contributions shall not result in service credit for benefit purposes unless employer contributions are made for such period of leave. The member's employer is not required to make contributions with respect to an unpaid FMLA leave; however, if employer contributions are not made, the member shall be entitled only to the eligibility service required by the FMLA.

(e) In calculating credit for vesting and eligibility purposes, time spent on an FMLA protected leave shall be counted, including any time spent receiving disability benefits while on such leave.

(f) A member seeking credit for an FMLA leave must provide documentary evidence demonstrating that the statutory requirements have been satisfied. Regular CETA employment is not such employment that may be covered by PERF. CETA employees who leave CETA employment and subsequently enter employment in a PERF-covered position shall not receive service credit for prior CETA employment, even if the position is essentially the same. Authority: IC 5-10.3-3-8

Affected: IC 5-10.2-3-1; IC 5-10.3-7

Sec. 12. (a) Under IC 5-10.2-3-1 and IC 5-10.3-7-2, employees of the bureau of motor vehicles commission (BMVC) are not entitled to automatic coverage or service credit prior to July 1, 1999, for service with the BMVC, because of their coverage in a retirement plan established by the BMVC. However, under IC 5-10.3-7-8, the board believes it would be reasonable to allow employees to purchase any BMVC service from the later of:

(1) January 1, 1987, the date the BMVC established its retirement plan; or

(2) the date the individual became an employee of the BMVC;

through June 30, 1999, the date the BMVC terminated its retirement plan. For purposes of this section, BMVC service does not include service in any license branch prior to becoming a BMVC employee, or service at a license branch prior to the conversion of that license branch to the BMVC. Service in a license branch that is not BMVC service shall not be eligible for service purchase under this rule nor shall it be credited to any employee without purchase.

(b) The cost to purchase such service shall be the total actuarial cost of the service. The fund shall provide the employees with information with respect to the cost of such service.

(c) The employees may purchase such service subject to the following:

(1) Any such purchase may be made via a direct cash payment, a direct rollover under IC 5-10.3-7-9.5, or a combination of both.

(2) Any direct rollover may not exceed the actual cost of such service as established by the fund.

(3) Any direct cash payment may be made in a lump sum or in installments for a period not to exceed five (5) years. Any installment shall bear interest at the actuarial interest rate effective on the date of the first installment. Any payments are subject to applicable Internal Revenue Service limits, and the fund may limit any payments in a manner necessary to comply with these limits.

(d) This section also applies to former employees of the BMVC with BMVC service who are employed in a PERF-covered position at the time they purchase such service.

(e) In no event shall any BMVC service prior to July 1, 1999, be credited under IC 5-10.3-7-7.5 because of the exclusion under IC 5-10.3-7-2(4) unless purchased in accordance with this section.

(f) The restriction contained in IC 5-10.3-7-4.5(d) does not apply to a purchase made under this section. (*Board of Trustees of the Public Employees' Retirement Fund; 35 IAC 1.2-3-12; filed Dec 11, 2000, 2:12 p.m.: 24 IR 946; readopted filed Oct 31, 2001, 2:18 p.m.: 25 IR 897; adopted Nov 9, 2007: 20071205-IR-035070818ONA*)

(1) fifty thousand dollars (\$50,000), reduced by the excess, if any, of the highest outstanding balance of loans from the fund during the one (1) year period ending on the day before the date on which the loan is made, over the outstanding balance of loans from the fund on the date on which such loan is made; or

(2) one-half (1/2) of the employee's accounts within the defined contribution plan of the participant under the fund.

(c) Subject to subsection (b), the minimum amount of a loan shall be one thousand dollars (\$1,000).

(3) Each loan shall be amortized on a substantially level basis with monthly payments. Payments shall be made on the first of a month for that month. The period of repayment shall be a minimum of twelve (12) months and shall not exceed five (5) years from the loan origination date. Notwithstanding the preceding sentence, the term of the loan shall not extend beyond the earlier of:

- (A) in the case of a distribution which begins after the date of the loan, the date such distribution of the employee's accounts within the defined contribution plan of the participant under the fund begins; or
- (B) the date of a default on the loan.

(e) The participant receiving the loan shall make the required repayments in accordance with the loan agreement.

(f) The rate of interest shall be the prime rate per annum, as published in The Wall Street Journal on the first day of the quarter (or the earliest publication day of the quarter in the event of a publication holiday) in which a completed loan application is submitted, plus one percent (1%). A loan will carry the same interest rate throughout its term.

(g) The fund shall declare a default on a loan as of:

- (1) the last day of the calendar quarter following the calendar quarter in which the participant fails to make a payment, unless the participant pays the amount due plus accrued interest prior to such date; or
- (2) the date thirty (30) days after the fund in good faith deems the plan insecure with respect to the repayment of the loan and notifies the participant of this deemed insecurity.

(h) On default, the entire amount outstanding on the participant's loan will be due and payable.

(i) On default, the fund shall report to the Internal Revenue Service the outstanding loan balance (principal and interest) as a taxable distribution to the participant, which may also be subject to an additional ten percent (10%) excise tax under the Internal Revenue Code.

(j) Each loan shall be adequately secured. The plan shall have a security interest in the employee's accounts within the defined contribution plan of the participant under the fund.

(k) Any loan to a participant shall be considered to be a separate asset of the legislators' defined contribution plan segregated for the benefit of such participant. The interest paid on the loan shall be credited to the employee's accounts within the defined contribution plan of the participant. Such portion of the employee's accounts within the defined contribution plan on loan to the participant shall not share in the allocation of gains or losses. The principal and interest paid on the loan shall be credited to such employee's accounts within the defined contribution plan as determined by the fund.

(l) A participant may not take more than two (2) loans in any calendar year.

(m) A participant may have any number of loans outstanding as long as all of the requirements of this rule are met.

(n) Any loan processing fee charged by a third party will be paid by the participant from the employee's accounts within the defined contribution plan of the participant.

(o) The loan proceeds will come from the employee's accounts within the defined contribution plan of the participant on a pro rata basis, and from the directed investment options of the participant on a pro rata basis.

(p) The participant may prepay, without penalty, the entire (or any part of the) outstanding principal balance of the loan and accrued interest to date of repayment. Prepayments should be made by check or other negotiable instrument (excluding cash) made payable to the fund and delivered to the fund or its designee. No reamortization will apply.
