TELEPHONE UTILITIES

Sec. 19. (a) For purposes of this rule, the following definitions apply:

- (1) "Electronic letter of agency" or "ELOA" means an electronically signed written statement that:
 - (A) authorizes a change to the customer's primary interexchange carrier or primary local exchange carrier; and
 - (B) includes the consumer disclosures required by Section 101(c) of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001(c).
- (2) "Express authorization" means an express, affirmative act by the customer clearly agreeing to the change in PIC or LEC in the form of:
 - (A) a written authorization;
 - (B) a customer-initiated call to the prospective IXC or LEC;
 - (C) an oral authorization verified and recorded by an independent third party;
 - (D) a recorded electronic authorization;
 - (E) some other form of recorded authorization, such as personal identification numbers (PINs) or passwords; or
 - (F) an electronic authorization.
- (3) "Letter of agency" or "LOA" means a written statement that the customer signs that authorizes a change to that customer's primary interexchange carrier or primary local exchange carrier.
- (4) "Local exchange carrier" or "LEC" means a provider of switched telecommunications service that carries calls originating and terminating within the local calling area.
- (5) "Long distance telecommunications service" means service that carries calls to exchanges that are not within the local calling area of the originating number.
- (6) "Primary interexchange carrier" or "PIC" means a provider of presubscribed inter-LATA or intra-LATA long distance telecommunications services. The term includes the following:
 - (A) Presubscribed facilities-based carriers of long distance service.
 - (B) Resellers of long distance service.
 - (C) Local exchange carriers providing long distance service.

In those local exchanges where intra-LATA equal access is available, customers may receive presubscribed long distance service from more than one (1) PIC (one (1) for inter-LATA and one (1) for intra-LATA toll) or may select a single PIC that provides both inter-LATA and intra-LATA toll service.

- (7) "Primary local exchange carrier" or "PLEC" means a carrier to which a customer has presubscribed for local exchange service.
- (8) "Properly disputed" means the filing of a complaint, either verbally or in writing, with the commission.
- (9) "Telemarketing" means the use of telecommunications in marketing campaigns to reach prospective purchasers and sell them goods or services.
 - (b) No prospective PIC shall submit to a LEC a PIC change order generated by telemarketing unless the prospective PIC has first obtained express authorization from the customer. No prospective LEC shall submit a PLEC change order generated by telemarketing unless the prospective LEC has first obtained express authorization from the customer.
 - (c) The prospective PIC or prospective LEC shall confirm such express authorization through one (1) of the following three (3) procedures:
 - (1) The prospective PIC or prospective LEC shall obtain the customer's written or electronic authorization in a form that meets the requirements of subsections (e) through (n).
 - (2) The prospective PIC or prospective LEC shall obtain the customer's electronic authorization, placed from the telephone number or numbers on which the PIC or PLEC is to be changed, to submit a PIC or PLEC change order. The authorization shall include the information described in subsection (i). Prospective PICs or prospective LECs electing to confirm sales electronically shall establish one (1) or more toll-free telephone numbers exclusively for that purpose. A call to the number or numbers will connect a customer to a voice response unit, or similar mechanism, that records the required information regarding the PIC or PLEC change, including automatically recording the automatic number identification (ANI).
 - (3) An appropriately qualified and independent third party shall obtain the customer's oral authorization to submit the PIC or PLEC change order. Such authorization shall confirm and include appropriate verification data, for example, the customer's date of birth, mother's maiden name, or Social Security number or part thereof. Such authorization is valid only if the entity that obtained the authorization:
 - (A) is independent of the prospective PIC or prospective LEC or the telemarketing representative of the prospective PIC or prospective LEC;

TELEPHONE UTILITIES

- (B) complies with this section regarding changes to telecommunications carriers;
- (C) has a written policy regarding customer complaints and abides by that policy;
- (D) has a written policy requiring the maintenance and storage of recorded electronic authorizations for a minimum period of one (1) year and abides by that policy;
- (E) has a written script that it uses when obtaining verifications, and the script provides clear and unambiguous notice to the customer:

- (i) that the customer is authorizing a change in primary interexchange or primary local exchange carrier;
- (ii) of the identity of the new primary interexchange or primary local exchange carrier;
- (iii) of a toll-free or local number of the LEC that the customer can call to verify whether the change has occurred;
- (iv) that, for any one (1) telephone number:

- (AA) only one (1) prospective PIC may be designated as the subscriber's inter-LATA primary interexchange carrier;

- (BB) only one (1) prospective PIC may be designated as the subscriber's intra-LATA primary interexchange carrier; and

- (CC) only one (1) intrastate primary LEC may be designated as the subscriber's primary LEC; and

- (v) that the PIC change will automatically apply to both inter-LATA and intra-LATA long distance service offerings unless the customer directs otherwise; and

- (F) is in a location that is physically separate from that of the prospective PIC or prospective LEC or the telemarketing representative of the prospective PIC or prospective LEC.

(d) A PIC or PLEC change made in violation of any of the requirements of this section is invalid. A prospective PIC or PLEC must provide all information regarding disputed carrier changes and services billings to the commission within thirty (30) days of a commission request for said information.

(e) If the prospective PIC or prospective LEC utilizes the authorization procedure in subsection (c)(1), the prospective PIC or LEC shall obtain any necessary written authorization from a subscriber for a PIC or PLEC change by using a letter of agency or electronic letter of agency as specified in subsections (f) through (n). Any letter of agency or electronic letter of agency that does not conform to those subsections is invalid.

(f) The letter of agency or electronic letter of agency shall be a separate document (or an easily separable document) or located on a separate screen or Web page containing only the authorizing language described in subsection (i), whose sole purpose is to authorize a prospective PIC or LEC to initiate a primary interexchange carrier or PLEC change. The letter of agency must be signed and dated by the subscriber to the telephone line or lines requesting the primary interexchange carrier or PLEC change. The subscriber (or authorized agent in the case of a business customer) whose name appears on bills for local and interexchange service shall be the only party authorized to execute a letter of agency.

(g) The letter of agency shall not be combined with inducements of any kind on the same document, screen, or Web page.

(h) Notwithstanding subsections (f) and (g), the letter of agency may be combined with checks that contain only the required letter of agency language prescribed in subsection (i) and the necessary information to make the check a negotiable instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain, in easily readable, bold-face type on the front of the check, a notice that the consumer is authorizing a primary interexchange carrier or PLEC change by signing the check. The letter of agency language shall also be placed near the signature line on the back of the check.

(i) At a minimum, the letter of agency must be printed with a typeface of sufficient size and clarity to be clearly legible and must contain clear and unambiguous language that confirms:

- (1) the subscriber's billing name and address and each telephone number to be covered by the primary interexchange carrier or PLEC change order;

- (2) the subscriber's decision to change the primary interexchange carrier or PLEC from the current interexchange carrier or LEC to the prospective interexchange carrier or prospective LEC;

- (3) that the subscriber designates the prospective interexchange carrier or prospective LEC to act as the subscriber's agent for the primary interexchange carrier or PLEC change;

- (4) that the subscriber understands that, for any one (1) telephone number:

- (A) only one (1) prospective PIC may be designated as the subscriber's inter-LATA primary interexchange carrier;

- (B) only one (1) prospective PIC may be designated as the subscriber's intra-LATA primary interexchange carrier; and

- (C) only one (1) intrastate primary LEC may be designated as the subscriber's intrastate primary LEC;

(5) that the subscriber understands that any change in primary interexchange carrier or primary LEC may result in a charge to the subscriber; and

(6) the LEC's toll-free or local number that the customer can call to verify whether the change has occurred.

(j) To the extent a customer selects separate carriers for inter-LATA, intra-LATA, and LEC services, the letter of agency must contain separate statements regarding those choices. Any carrier designated as a primary interexchange carrier for inter-LATA service must be the carrier directly setting the inter-LATA service rates for the subscriber. Any carrier designated as a primary interexchange carrier for intra-LATA services must be the carrier directly setting the intra-LATA service rates for the subscriber. Any carrier designated as a primary local exchange carrier must be the LEC directly setting the local exchange service rates for the subscriber. One (1) interexchange carrier can be both a subscriber's inter-LATA primary interexchange carrier and a subscriber's intra-LATA primary interexchange carrier.

(k) Letters of agency shall not suggest or require that a subscriber take some action in order to retain the subscriber's current interexchange carrier or LEC.

(l) If any portion of a letter of agency is translated into a language other than English, then all portions of the letter of agency must be translated into that language. Every letter of agency must be translated into the same language as any promotional materials, oral descriptions, or instructions provided with the letter of agency.

(m) The letter of agency shall provide the toll-free telephone number and mailing address of the consumer affairs division of the Indiana utility regulatory commission and shall inform the customer of his or her right to file a complaint with that division.

(n) Letters of agency submitted with an electronically signed authorization must include the consumer disclosures required by Section 101(c) of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001(c).

(o) Upon request of the customer, offers to provide telecommunications interexchange or local exchange services shall be sent to the customer in written form describing the terms and conditions of service.

(p) Except for tariff-regulated, customer-initiated, one-time use products, such as collect calling services, optional pay-per-use services (including automatic callback, repeat dialing, and three-way calling), no PIC or LEC or any billing agent acting for said PIC or LEC shall bill a customer for any service unless the PIC, LEC, or billing agent possesses written or electronic documentation that shows:

(1) the name of the customer requesting the service;

(2) a description of the service requested by the customer;

(3) the date on which the customer requested the service;

(4) the means by which the customer requested the service; and

(5) the name, address, and telephone number of all sales agents involved.

(q) No PIC, LEC, or billing agent for any PIC or LEC shall be entitled to any compensation from a customer for services rendered in violation of this rule.

(r) The customer's local exchange company shall not disconnect the customer's phone service for nonpayment where the customer has properly disputed a carrier change or service billing.

(s) A telecommunications carrier shall submit a preferred carrier change order on behalf of a subscriber within no more than sixty (60) days of obtaining a written or electronically signed letter of agency. However, letters of agency for multiline and/or multilocation business customers that have entered into negotiated agreements with carriers to add presubscribed lines to their business locations during the course of a term agreement shall be valid for the period specified in the term agreement.

(t) This rule shall apply only to the extent not preempted by federal law. Authority: IC 8-1-1-3

Affected: IC 8-1-2-1; IC 8-1.5-1-10

Sec. 1. (a) This rule applies to any CSP that is now, or may hereafter be, engaged in the business of rendering communications services to the public under the jurisdiction of the commission.

(b) No CSP shall discriminate against or penalize a customer for exercising any right granted by this rule.

(c) Any CSP subject to the customer service rights and responsibilities set forth in this rule that fails to meet the standards shall be subject to all legal remedies provided by law. (d) The adoption of this rule shall in no way preclude the commission, upon complaint by a customer, upon its own motion, or upon the petition of any utility or the office of the utility consumer counselor, after notice and hearing, from taking any of the following actions:

(1) Altering or amending this rule in whole or in part.

(2) Making such modifications with respect to the application of this rule as may be found necessary to meet exceptional conditions.

(3) At its sole discretion, grant, in whole or in part, permanent or temporary waivers from this rule on an expedited basis.

(e) The adoption of this rule shall not in any way relieve any CSP from any of its duties under the laws of this state.

(f) If any provision of this rule is determined by competent authority to be prohibited or unenforceable, the provision shall be ineffective to the extent of the prohibition or unenforceability without invalidating the remaining provisions hereof. *(Indiana Utility Regulatory Commission; 170 IAC 7-1.3-1; filed Aug 7, 2002, 10:05 a.m.: 25 IR 4066, eff one hundred eighty (180) days after filing with the secretary of state or January 1, 2003, whichever is later; errata filed Oct 8, 2002, 12:54 p.m.: 26 IR 382; readopted filed Oct 2, 2009, 11:04 a.m.: 20091028-IR-170090574RFA; filed Oct 8, 2010, 10:35 a.m.: 20101103-IR-170090478FRA)*

Authority: IC 8-1

Affected: IC 8-1-2-4

Sec. 6. (a) Bills rendered periodically to customers for telecommunication services, excluding CMRS, shall be clearly organized and must include the following required information:

(1) The name for the service provider associated with each charge shall be clearly identified.

170 IAC 7-1.3-8.1 Unauthorized switching of telecommunications providers; billing for telecommunications or other services added without customer's consent

Authority: IC 8-1

Affected: IC 8-1-2-4

Sec. 8.1. (a) The definitions in 170 IAC 7-1.3-2 apply to this rule.

(b) No prospective PIC shall submit to a LEC a PIC change order generated by telemarketing unless the prospective PIC has first obtained express authorization from the customer. No prospective LEC shall submit a PLEC change order generated by telemarketing unless the prospective LEC has first obtained express authorization from the customer.

(c) The prospective PIC or prospective LEC shall confirm the express authorization through one (1) of the following procedures:

- (1) The prospective PIC or prospective LEC shall obtain the customer's written or electronic authorization in a form that meets the requirements of subsections (e) through (n).
- (2) The prospective PIC or prospective LEC shall obtain the customer's electronic authorization, placed from the telephone

number or numbers on which the PIC or PLEC is to be changed, to submit a PIC or PLEC change order. The authorization shall include the information described in subsection (i). Prospective PICs or prospective LECs electing to confirm sales electronically shall establish one (1) or more toll free telephone numbers exclusively for that purpose. A call to the number or numbers will connect a customer to a voice response unit, or similar mechanism, that records the required information regarding the PIC or PLEC change, including automatically recording the automatic number identification (ANI).

(3) An appropriately qualified and independent third party shall obtain the customer's oral authorization to submit the PIC or PLEC change order. The authorization shall confirm and include appropriate verification data, for example, the customer's date of birth, mother's maiden name, or Social Security number or part thereof. The authorization is valid only if the entity that obtained the authorization:

(A) is independent of the prospective PIC or prospective LEC or the telemarketing representative of the prospective PIC or prospective LEC;

(B) complies with this section regarding changes to telecommunications carriers;

(C) has a written policy regarding customer complaints and abides by that policy;

(D) has a written policy requiring the maintenance and storage of recorded electronic authorizations for a minimum period of one (1) year and abides by that policy;

(E) has a written script that it uses when obtaining verifications, and the script provides clear and unambiguous notice to the customer:

(i) that the customer is authorizing a change in PIC or PLEC;

(ii) of the identity of the new PIC or PLEC;

(iii) of a toll free or local number of the LEC that the customer can call to verify whether the change has occurred;

(iv) that, for any one (1) telephone number:

(AA) only one (1) prospective PIC may be designated as the subscriber's inter-LATA PIC;

(BB) only one (1) prospective PIC may be designated as the subscriber's intra-LATA PIC; and

(CC) only one (1) intrastate PLEC may be designated as the subscriber's PLEC;

(v) that the PIC change will automatically apply to both inter-LATA and intra-LATA long distance service offerings unless the customer directs otherwise; and

(vi) that the carrier change can be effectuated once the verification has been completed in full, even when the consumer has additional questions for the sales representative after the verification process;

(F) is in a location that is physically separate from that of the prospective PIC or prospective LEC or the telemarketing representative of the prospective PIC or prospective LEC; and

(G) records the date of verification at the time of the verification such that it is readily identifiable by parties that review the verification at a later date.

(d) A PIC or PLEC change made in violation of any of the requirements of this section is invalid. A prospective PIC or PLEC must provide all information regarding disputed carrier changes and services billings to the commission within thirty (30) days of a commission request for the information.

(e) If the prospective PIC or prospective LEC utilizes the authorization procedure in subsection (c)(1), the prospective PIC or LEC shall obtain any necessary written authorization from a subscriber for a PIC or PLEC change by using an LOA or ELOA as specified in subsections (f) through (n). Any LOA or ELOA that does not conform to those subsections is invalid.

(f) The LOA or ELOA shall be a separate document (or an easily separable document) or located on a separate screen or webpage containing only the authorizing language described in subsection (i), whose sole purpose is to authorize a prospective PIC or LEC to initiate a PIC or PLEC change. The LOA must be signed and dated by the subscriber to the telephone line or lines requesting the PIC or PLEC change. The subscriber (or authorized agent in the case of a business customer) whose name appears on bills for local and interexchange service shall be the only party authorized to execute an LOA.

(g) The LOA shall not be combined with inducements of any kind on the same document, screen, or webpage.

(h) Notwithstanding subsections (f) and (g), the LOA may be combined with checks that contain only the required LOA language prescribed in subsection (i) and the necessary information to make the check a negotiable instrument. The LOA check shall not contain any promotional language or material. The LOA check shall contain, in easily readable, boldface type on the front of the check, a notice that the consumer is authorizing a PIC or PLEC change by signing the check. The LOA language shall also be placed near the signature line on the back of the check.

(i) At a minimum, the LOA must be printed with a typeface of sufficient size and clarity to be clearly legible and must contain clear and unambiguous language that confirms:

TELEPHONE UTILITIES

- (1) the subscriber's billing name and address and each telephone number to be covered by the PIC or PLEC change order;
- (2) the subscriber's decision to change the PIC or PLEC from the current IXC or LEC to the prospective IXC or prospective LEC;
- (3) that the subscriber designates the prospective IXC or prospective LEC to act as the subscriber's agent for the PIC or PLEC change;
- (4) that the subscriber understands that, for any one (1) telephone number:
 - (A) only one (1) prospective PIC may be designated as the subscriber's inter-LATA PIC;
 - (B) only one (1) prospective PIC may be designated as the subscriber's intra-LATA PIC; and
 - (C) only one (1) intrastate PLEC may be designated as the subscriber's intrastate PLEC;
- (5) that the subscriber understands that any change in PIC or PLEC may result in a charge to the subscriber; and
- (6) the LEC's toll free or local number that the customer can call to verify whether the change has occurred.
- (j) To the extent a customer selects separate carriers for inter-LATA, intra-LATA, and LEC services, the LOA must contain separate statements regarding those choices. Any carrier designated as a PIC for inter-LATA service must be the carrier directly setting the inter-LATA service rates for the subscriber. Any carrier designated as a PIC for intra-LATA services must be the carrier directly setting the intra-LATA service rates for the subscriber. Any carrier designated as a PLEC must be the LEC directly setting the local exchange service rates for the subscriber. One (1) IXC can be both a subscriber's inter-LATA PIC and a subscriber's intra-LATA PIC.
- (k) LOAs shall not suggest or require that a subscriber take some action in order to retain the subscriber's current IXC or LEC.
- (l) If any portion of an LOA is translated into a language other than English, then all portions of the LOA must be translated into that language. Every LOA must be translated into the same language as any promotional materials, oral descriptions, or instructions provided with the LOA.
- (m) The LOA shall:
 - (1) provide the toll free telephone number and mailing address of the consumer affairs division of the commission; and
 - (2) inform the customer of his or her right to file a complaint with that division.
- (n) LOAs submitted with an electronically signed authorization must include the consumer disclosures required by Section 101(c) of the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001(c).
- (o) Upon request of the customer, offers to provide telecommunications interexchange or local exchange services shall be sent to the customer in written form describing the terms and conditions of service.
- (p) Except for customer-initiated or one-time use products, such as collect calling services, optional pay-per-use services (including automatic callback, repeat dialing, and three-way calling), no PIC or LEC or any billing agent acting for the PIC or LEC shall bill a customer for any service unless the PIC, LEC, or billing agent possesses written or electronic documentation that shows:

- (A) consist of not less than a prompt and thorough investigation of the dispute; and
- (B) result in a written decision to be mailed to the customer and the CSP within thirty (30) days after its receipt of the customer's request.

Upon request by either party or the consumer affairs director or designee, the parties shall be required to meet and confer to the extent and at such place as the consumer affairs director or designee may consider appropriate.

(g) The customer may make a written request that the commission investigate the disposition of the informal review. The written request shall be made within seven (7) days of the consumer affairs division's notice of disposition. Prior to entering an order upon a commission investigation, the commission shall afford the customer and the CSP notice and an opportunity to be heard.

Authority: IC 8-1-1-3; IC 8-1-2.6-1.5
Affected: IC 8-1-2-54

Sec. 1. (a) This rule is intended to establish an expedited procedure for resolving interconnection disputes between telecommunications carriers that arise from the Telecommunications Act of 1996, 47 U.S.C. § 251 et seq. Only those disputes that directly affect the ability of a party to provide uninterrupted service to its customers or preclude the provisioning of any service, functionality, or network element are entitled to expedited review.

(b) Expedited review pursuant to this rule shall not be used unless the parties have exhausted all dispute resolution procedures included in the commission approved interconnection agreement that is the subject of the dispute, if any. Any binding dispute resolution made pursuant to a commission approved interconnection agreement cannot be challenged under this rule.

(c) Expedited review pursuant to this rule shall be granted at the commission's sole discretion. An order dismissing a party's request for expedited review pursuant to this rule will be issued without prejudice for leave to file a formal complaint under IC 8-1-2-54 and related statutes.

(d) To the extent that this rule does not address issues of practice and procedure, 170 IAC 1-1.1 applies. (*Indiana Utility Regulatory Commission; 170 IAC 7-7-1; filed Nov 27, 2000, 9:36 a.m.: 24 IR 949; readopted filed Apr 6, 2006, 11:00 a.m.: 29 IR 2670*)

notice upon all parties to the dispute and to the commission's telecommunications division director that the complainant intends to file a complaint alleging a violation of a commission approved interconnection agreement or an interconnection-related commission order.

(b) The written notice to the respondent shall identify the provisions of the order or interconnection agreement that the complainant alleges have been violated by the respondent and the specific acts or omissions causing the violation. The written notice to respondent shall also identify the circumstances that directly affect the complainant's ability to provide uninterrupted service to its customers or preclude the provisioning of any service, functionality, or network element which entitle the dispute to expedited review.
