Affected: IC 36-8-8-7; IC 36-8-8-8

Sec. 2. (a) Prior service credit shall be given to any member of the 1977 Police and Firefighters' Pension and Disability Fund (1977 Fund) providing the following conditions are met:

(1) As used in this section, "prior service" means any services or duties performed as a member of the 1977 Fund after April 30, 1977.

(2) The police officer or firefighter was a member of the 1977 Fund and had contributions withheld for membership.

(3) The city, town, or township to which the police officer or firefighter is transferred or has been hired by is a member of the 1977 Fund.

(4) The member repays, either in a lump sum or a series of payments determined by the 1977 Fund, the amount of contributions plus interest which was refunded to him. The interest is at a rate determined by the board and is calculated from the date of the withdrawal. The fund shall provide the eligible fund member with information with respect to the cost of such service.

(b) Service may be purchased in one (1) month increments. The minimum service purchase is one (1) year for a member who elects to purchase service through installment payments.

(c) Payments are subject to the terms and conditions of a finance agreement.

(d) Any such purchase may be made via a direct cash payment, a direct rollover as allowed by statute, or a combination of both.

(e) Any direct rollover may not exceed the actual cost of such service as established by the fund.

(f) Payment may be made in a lump sum or in annual installments for a period not to exceed five (5) years. Any installment may bear interest at the actuarial assumed interest rate effective on the date of the first installment.

(g) Any payments are subject to applicable Internal Revenue Service limits, and INPRS may deny an application or may limit any payments if the purchase would exceed those limitations.

(h) In the event of a payment default under the terms of the finance agreement or the purchase is not completed, a partial service credit amount will be determined by INPRS. The partial service credit amount will be based on the payments made as of the date of payment default and the cost of the service. Partial service will be credited in monthly increments. The minimum amount of partial service credit will be one (1) month. The fund member is not eligible to make service purchase payments after the date of the payment default or the date of separation of employment.

(i) In the event any annual payment is not timely made, allowing for a thirty (30) day grace period, the payment will be deemed in default under the terms of the finance agreement. The fund member is not eligible to make service purchase payments after the date of the payment default.

(j) If the member does not choose periodic payments, a lump sum payment must be received within ninety (90) days of the member receiving the cost letter. In the event the lump sum payment is not timely made, allowing for a thirty (30) day grace period, the payment will be deemed in default under the terms of the finance agreement. The fund member is not eligible to make service purchase payments after the date of the payment default. (b) If an otherwise qualified active member's enrollment effective date is or was delayed due to error or omission by the local board or hiring authority:

(1) the member or the member's employer may purchase at the actuarial cost such service that would have been credited to the 1977 Fund but for the error or omission; and

(2) the age restriction is waived if the member was age eligible for the 1977 Fund at the time of application.

The determination as to whether there was an error or omission causing delay is in the sole discretion of the board. (b) This section and IC 36-8-8-6 shall be administered in a manner consistent with the FMLA.

(c) If the member is compensated while on an FMLA covered leave, the statutory contributions must be maintained. A member may make contributions as provided in IC 36-8-8-6 during an unpaid FMLA leave, although such contributions would not result in credit for service for benefit purposes in any event. The member's employer is not required to make contributions with respect to an unpaid FMLA leave.

(d) In calculating credit for vesting and eligibility purposes, time spent on an FMLA protected leave shall be counted, including any time spent receiving disability benefits while on such leave.

Authority: IC 5-10.5-4-2; IC 36-8-8-5

Affected: IC 4-21.5; IC 36-8-8-12.5; IC 36-8-8-13.5

Sec. 5. (a) The disability application process shall be as described as follows:

(1) The local board shall submit to the state board the following documents:

(A) A completed disability application form that includes the following:

- (i) The member's name, address, and Social Security number.
- (ii) The date of the local board's hearing.
- (iii) The date the local board determined a covered impairment exists.

The local board shall use the applicable forms developed by the state board for this purpose.

(B) The applicable form developed by the state board shall require the following:

(i) The local board to submit its determinations, including findings of fact, with regard to the existence of a covered impairment and the class of impairment for a fund member who was hired for the first time after December 31, 1989, or who had elected coverage under IC 36-8-8-12.5 and IC 36-8-8-13.5 (Class 1 duty related injury, Class 2 duty related disease, and Class 3 all other covered impairments).

(ii) A copy of the written job description for the member's position.

(iii) A statement from the local board that certifies that the member cannot perform the essential functions of the job as reflected on the written job description by identifying the specific functions the member is incapable of performing.

(iv) A statement from the appointing authority that certifies that there is no suitable and available work in the member's department for which the member is or may be capable of becoming qualified, considering reasonable accommodations to the extent required by the Americans with Disabilities Act.

(v) The local board's findings with respect to self-inflicted injury, attempted suicide, commission of felony, or preexisting conditions.

(vi) The local board's determination on whether the impairment resulted from an accidental injury.

(vii) A statement that certifies that the local board's decision was communicated, in writing, to the fund member and the appointing authority.

(C) A transcript of the local board's hearing. The transcript should be signed by the person doing the transcription and by the pension secretary reflecting that the transcript is a true and accurate report of the testimony and exhibits presented during the local board's hearing.

(D) Copies of all exhibits accepted by the local pension board. These exhibits would include the medical evaluations of the fund member. Tests and examination results must be included.

(E) Certification by the appointing authority or the local board with regard to the fund member's last day of pay (including the last payment for any type and all forms of paid leave).

(F) Certification by the appointing authority of years of service.

(2) Unless the application is complete, the 1977 Fund will not accept the application. If the application is not accepted, the 1977 Fund shall do the following:

(A) Determine whether the file is complete.

(B) Send a letter to the local board stating that either a complete file has been received or the file is incomplete and will not be accepted until the specified items have been received by the 1977 Fund. If the file is incomplete, the 1977 Fund will send a letter stating the file is complete after all previously specified items have been received by the 1977 Fund.

(C) Once a completed file is accepted, the 1977 Fund will give the completed file to the medical authority.

(3) INPRS may make a provisional determination and invite the applicant to provide further records or evidence for review by INPRS before the initial determination is made. The INPRS board or its duly authorized representative will make an initial determination within sixty (60) days from the date the complete application is received by the 1977 Fund unless there is a delay attributable to the fund member or the appointing authority. The initial determination by the INPRS board for members who were hired for the first time after December 31, 1989, or who had elected coverage under IC 36-8-8-12.5 and IC 36-8-8-13.5, shall include a determination of class of impairment and degree of impairment. In making this determination, the 1977 Fund shall treat a member as first hired using the member's first date of employment with the local unit where the member is currently employed. However, in the case of a fund member who directly transferred from covered employment with one (1) local unit to covered employment with another (1) local unit, the fund member's date of employment with the first local unit shall be used. If the application is not accepted, the 1977 Fund shall do the following:

(A) The 1977 Fund will not consider the sixty (60) day period to begin until a completed file is accepted.

(B) The initial determination will be mailed, by certified mail return receipt requested, to the member, the local board, and the appointing authority. An appeal of the initial determination must be filed within fifteen (15) days after receiving written notice of the initial determination pursuant to IC 4-21.5.

(C) If the INPRS board or its duly authorized representative does not make an initial determination within sixty (60)

days and if the delay is not attributable to the fund member or the appointing authority, the local board's determination, or the fund member's statement in the case of an appeal of a local board determination, shall constitute the INPRS board's initial determination. A letter confirming this initial determination shall be sent by the 1977 Fund to the local board, the fund member, and the appointing authority.

(D) The letter communicating the INPRS board's initial determination shall inform the parties of the time limit on filing objections and shall clearly state that, if no objections are filed, the initial determination shall automatically become the state board's final order.

(4) If no objection to the INPRS board's initial determination is filed with the 1977 Fund within fifteen (15) days after the date of the INPRS board's initial determination letter, the INPRS board's initial determination shall become the INPRS board's final order.

(5) If a timely objection to the INPRS board's initial determination is filed, the 1977 Fund shall follow an internal hearing procedure. The 1977 Fund shall notify the member if the appeal is not timely. Such notice will indicate that the initial determination automatically became the INPRS board's final order.

(6) After receiving a timely objection to the initial determination, the 1977 Fund shall designate a hearing officer to review the case. The hearing officer must make a recommendation to the 1977 Fund with regard to a final decision within sixty (60) days after the hearing. The hearing will be recorded and a transcript prepared.

(7) Based upon the complete record and the recommendation from the hearing officer, the INPRS board shall issue a final order. The INPRS board may accept, but shall not be required to accept, the hearing officer's recommendation as its final order. The final order will be communicated in a letter, sent certified mail return receipt requested, to the fund member, the local board, and the appointing authority. In addition, the INPRS board may do the following:

(A) The INPRS board may request or accept additional information before issuing a final determination.

(B) The INPRS board shall issue a final order within one hundred eighty (180) days from the date the complete application is received by the 1977 Fund unless there is a delay attributable to the fund member or the appointing authority. If an order is not issued within one hundred eighty (180) days and if the delay is not attributable to the fund member or the appointing authority, the initial determination statements shall constitute the INPRS board's final order.

(b) The review of a fund member's impairment may be initiated by the 1977 Fund, the fund member, the safety board, or the local board. The review shall follow the procedure for disability applications. The cost of any medical examination required by the local board shall be paid by the party who petitioned for review.

(c) Requirements for recovered disabilitants shall be as follows:

(1) If there is a final determination that a disabilitant has recovered as result of a review described in section (b) [subsection (b)], the 1977 Fund shall solicit a certification from the local authorities with regard to the existence of suitable and available work on the police or fire department.

(2) Benefits will be terminated if suitable and available work on the police or fire department has been offered to the member. Benefits shall terminate in such a case regardless of the member's decision to accept or reject the employment offer from the police or fire department.

(3) In the event that a recovered member returns to 1977 Fund covered duties by the employing unit as a result of being released to such reinstatement of duties by the member's treating physician, the employing unit shall notify INPRS in writing of such reinstatement and disability benefits shall stop beginning the first of the month following the date of such reinstatement. Any benefits paid to the member after the first of the month following reinstatement must be repaid to the 1977 Fund.

(4) A recovered member returning to the same department will not be treated as a new applicant and will not be subjected to the application process for new members in the fund.

(5) In the event a member recovers from a covered impairment, returns to active service with the police or fire department, and becomes unable to perform all suitable and available work on the police or fire department within two (2) years of returning to active duty due to a covered impairment that is based on the same condition or conditions for which disability benefits were previously paid to the member, the member shall be entitled to receive monthly disability benefits equal to the amount of the monthly disability benefits that were paid to the member at the time of the member's return to active service plus any applicable cost of living adjustments.

- (4) A reproductive history.

An occupational history shall also be completed to collect information about the person's past occupational and environmental exposures.

(b) After the examining physician completes the comprehensive medical history, the physician shall conduct a general physical examination of the candidate. Requirements for the baseline statewide physical examination shall be as follows:

(c) The local board shall submit the certification of the results of the baseline statewide physical examination within six (6) months of the date of the examination. If INPRS receives the certification of the results of the baseline statewide physical examination more than six (6) months from the date of the examination, the local board has not met the requirements for the transfer of the local determination under 35 IAC 2-9-5 [*this section*]. Rule 10. Preexisting Excludable Medical Conditions

35 IAC 2-10-1 Purpose

Authority: IC 5-10.5-4-2; IC 36-8-8-5; IC 36-8-8-13.6

Affected: IC 36-8-8-13.5

Sec. 1. (a) This rule identifies the Class 3 preexisting excludable conditions which, under IC 36-8-8-13.5 and IC 36-8-8-13.6, make members of the 1977 Police Officers' and Firefighters' Pension and Disability Fund (Fund) ineligible under certain circumstances for the Class 3 impairment benefits established in IC 36-8-8-13.5(e).

(b) The purpose of this rule is to permit the continued development and administration of the Fund in accordance with accepted principles of risk assessment. This rule is designed to protect the fiscal integrity of the Fund by identifying certain preexisting conditions that have a substantial likelihood of causing impairments that would result in a member of the Fund becoming eligible for Class 3 impairment benefits. (*Board of Trustees of the Indiana Public Retirement System; 35 IAC 2-10-1; filed May 27, 1993, 12:00 p.m.: 16 IR 2341, eff Jul 1, 1993; readopted filed Oct 31, 2001, 2:21 p.m.: 25 IR 898; adopted Nov 9, 2007: 20071205-IR-035070818ONA*)
