Sec. 1. Indiana bred quarter horse means any duly registered quarter horse foaled in Indiana whose dam was registered with the commission and entered Indiana by December 1 of the year prior to foaling. The mare (dam) must remain in Indiana continuously until foaling. The resulting foal will then be eligible to be registered as an Indiana bred. In the event a mare entered Indiana and was registered with the commission after December 1 of the year prior to foaling, the foal (which must be foaled in Indiana) will be eligible to be registered as an Indiana bred only if said mare was bred back to a registered Indiana stallion in the year of foaling or mare may have been bred utilizing cooled semen from a stallion standing outside of Indiana, providing artificial insemination is performed in Indiana and proper documentation, as required was provided to the commission after foaling in Indiana. An Indiana bred quarter horse foaled prior to the year 2002 will require that the breeder must be a resident of Indiana as noted on the American Quarter Horse Association registration certificate. These horses must be registered with the commission by September 1, ~~2001~~, **2002**, or will not be eligible for the Indiana bred program. The horse must be registered with the commission prior to being entered in an Indiana bred conditioned race.
