TITLE 312 NATURAL RESOURCES COMMISSION

LSA Document #05-341

Under IC 4-22-2-23, the Natural Resources Commission intends to adopt a rule concerning the following:

OVERVIEW: Amends 312 IAC 13 governing water well drilling contractors to make several substantive and technical changes. New grouting requirements are applied to geothermal heat pump wells. Numerical diameter requirements for a monitoring well are replaced by a functionality requirement. Modifications are made to standards for a filter pack seal in a monitoring well. Standards are established for a monitoring well constructed by the direct push method. For a cover on a bucket well or a hand dug well that was abandoned before January 1, 1988, lumber is no longer authorized if treated with chromium copper arsenic salt. Other technical changes are made. Public questions and comments may be sent to the Division of Hearings, Natural Resources Commission, Indiana Government Center-South, 402 West Washington Street, Room W272, Indianapolis, IN 46204, by e-mail at slucas@nrc.in.gov, or by telephone at (317) 233-3322. Statutory authority: IC 25-39-4.

For purposes of IC 4-22-2-28.1, the Small Business Regulatory Coordinator for this rule is:

Mark Basch

Department of Natural Resources

Division of Water, Room W264

Indianapolis, IN 46204

(877) 928-3755 or (317) 232-0154
